Morning Oregonian

VOL. XVIII. NO. 220. PORTLAND, OREGON: FRIDAY, OCTOBER 18, 1878. DOUBLE SHEET.

GENERAL NEWS.

[BY TELEGRAPH TO THE OREGONIAN.]

Another Presidential Reception.

WINCHESTER, Oct. 16.—The president and Mrs. Hayes assisted by Gov. Holliday and Mrs. Mason, his sister, held a reception at the governor's residence to-night. Large numbers of ladies and gentlemen of the city and neighborhood called to pay their respects. At 11 o'clock the party left for Washington.

A Murderous Fiend.

BUFF CITY, Kansas, Oct. 16.—Saturday night a young man named Neill fatally stabbed a young man named Gerhardt, who had objected to his father drinking with Neill. Upon old Mrs. Gerhardt interposing, Neill plunged the knife into her left breast, causing instant death, and a younger son also received severe wounds, and Neill himself was badly wounded. He escaped, but was captured this morning and put under $2,500 bail.

Panic at a Colored Wedding--Several Lives Lost.

RICHMOND, Va., Oct. 16.—During a marriage at a colored Baptist church at Lynchburg, tonight, the church was crowded to its utmost capacity. A piece of plastering fell, creating a panic of the most dreadful character. The bodies of ten women have been already taken out, the wounded being sent to their homes.

New Orleans City Politics.

NEW ORLEANS, Oct. 16.—The Democratic parish convention nominated a straight ticket. Committees of the citizens' conservative association and National and Republican parties are in consultation, and will probably nominate a city ticket in opposition to the above.

The Southern Insurrection.

LOUISVILLE, Miss., Oct. 16.—The officers of the steamer *Natchez* report that a fight occurred between negroes yesterday in Goldman's field, ten miles above Waterproof, in which it is said that thirty six negroes were killed and the whole of them dispersed. Some apprehend further trouble, while the general impression is that the negroes will not again assemble. Assistance was pouring in from all directions. Fifty more men left here this morning in answer to a call from St. Joseph, Louisiana. No plantations were burned. A communication just received from a citizen of Waterproof states that all is quiet and settled. Ten negroes were killed yesterday.

NEW ORLEANS, Oct. 16.—The city is full of wild rumors to-day about trouble in Tensas parish. Governor Nichols reports receiving information that a fight had occurred at Waterproof, in which five negroes were killed, and that a company of militia from Natchez had arrived there.

Parish authorities ask for state troops. The governor has ordered the Louisiana field artillery and the Crescent City battalions to be in readiness to receive marching orders by 8 A. M. to-morrow. It is stated that the steamer Peerless has been chartered by the state to transport troops to the scene of the disturbance.

Another Witness against Porter.

NEW YORK, Oct. 16.—In the Porter case today the first witness called by the judge advocate was Wm. H. Lord, who was the official stenographer of the court martial that tried Porter on the 15th of December, 1862. During the trial he went to Gen. Porter's room in Washington to inquire for some depositions which had been mislaid, and while there heard Porter say, "I was not loyal to him; there's no denying that." Witness cannot recall anything else that was said.

Horse Notes--Runaway Racers.

CHICAGO, Oct. 13.—Rarus trotted two heats within time this afternoon at the Omaha driving park, respectively, 2:21 and 2:19. In double team race to-day, Hawk and Mate beat the advantage of their driver, D. B. Clough, and ran away making the circuit of a half mile track six times. The driver kept his seat, hung to the reins and finally tired the team out.

A Stock Gambling Official.

NEW YORK, Oct. 16.—Assistant U. S. District Attorney Hoxie of Brooklyn, to-day released, and made a written confession that he had lost in Wall street moneys entrusted to him as a government official. The amount is believed to be large.

Full Ohio Returns.

COLUMBUS, Oct. 16.—Full official returns from all counties give the following as total vote cast for each candidate: For secretary of state, Barnes (Rep.) 274,120; Sharp, (Dem.) 270,966; Roy. (National) 38,332; Robinson (Prohibition) 5,672. Returns also show the election of 11 Democrats and 9 Republicans as congressmen.

Church War in Mexico.

NEW YORK, Oct. 17.—A letter from the City of Mexico says: Sept. 29th, at Azola, a mob, incited by priests, killed 20 Protestants and wounded a number of others. The governor sent troops to quell the disturbance. In Puebla the mob threatened to break up the Protestant missions. President Diaz has promised Rev. Dr. Butler to do all in his power to protect religious denominations.

THE FEVERS.

Still Raging in Chattanooga.

CHATTANOOGA, Oct. 16.—Four deaths from yellow fever during the past 24 hours, and 14 new cases. Energetic measures were taken to-day to depopulate the infected district. The sick were sent to hospitals and others into camps. Warm and unfavorable.

No Abatement.

NEW ORLEANS, Oct. 16.—Dispatches received from all points in the fever section show no material abatement of the disease.

In Malignant Form.

NEW ORLEANS, Oct. 16.—At Yazoo City a very malignant and fatal form of fever has appeared.

Increasing at Memphis.

MEMPHIS, Oct. 16.—Eight deaths during the past 24 hours forty new cases—smallest since the fever began. Jeff. Davis, Jr., died to-night.

Yellow Fever in Ohio.

CINCINNATI, Oct. 17.—Seven deaths from yellow fever have occurred within the last week near Gallipolis, Ohio, where the hospital steamer was anchored.

Why Slumber Evades Her.

[From the Burlington Hawkeye.]

"Rebel Cuba" sends us a poem, "Why Does Sweet Slumber Shun My Eyes?" Why? Because, dearie, Rebel, where we can tickle your rosy ear with the waxed end of a short toothpick, while we whisper to you that when a girl scarcely nineteen years old eats an 8 o'clock supper of cold tongue, broiled steak, salt mackerel, fried potatoes, doughnuts, cold apple pie, fried eggs, fresh peaches, a slice of watermelon, and two cups of coffee, her fitful slumber will soon pack its trunk and skip on to the first train that will take it farthest away, and all the poetry in the Baptist college won't bring it back to her for a week. Don't ask any more such conundrums, Rebel; these are stirring, earnest times, that thrill with peril and impending danger, and our liar is tuned to loftier strains.

TILDEN DENIES.

Samuel J. Tilden Issues a Card Denying any Agency or Knowledge in the Cipher Dispatches Recently Published.

NEW YORK, Oct. 17.—Samuel J. Tilden has issued a card in relation to the cipher dispatches recently published in the *Tribune*, in which he emphatically denies any knowledge of the existence of those dispatches, except what he derived from their publication. None of the telegrams relating to an offer purporting to have been made in behalf of some member of the Florida board of canvassers to give, for a pecuniary compensation, certificates to Democratic electors had been seen by him, or contents made known to him; nor did he learn the fact that such offer of Florida certificates had been made until long after the 6th of December, at which time the certificates were delivered and the electoral votes cast; and when information casually reached him as of the past event it was accompanied by the statement that the offer had been rejected. The cipher translations relating to the South Carolina canvass of 1876 he says: "No such telegrams, either in cipher or translated, were ever shown to, or contents made known, to me. No offer or negotiation in behalf of the state canvassers of South Carolina, or of any of them, or any dealing with any of them in respect to the certificates of electors, was ever authorized or sanctioned in any manner by me, directly or through any other person." Tilden continued, "I will add that no offer to give certificates of any returning board or state canvassers of any state to Democratic electors in consideration of promises of office or money or property; no negotiation of that nature in behalf of any member of such board, or with any such member; no attempt to influence the action of any such member, or to influence the action of any elector of president and vice president by such motives was ever entertained, considered or tolerated by me or by anybody within my influence, by my consent, or with my knowledge or acquiescence. No such contemplated transaction could at any time have come within the range of my power without that power being instantly exerted to crush it out. A belief was doubtless current that certificates from the state of Florida, confirming the actual vote of the people, were in market. "I have not the slightest doubt in the world," said Saltonstal, who was in Florida at the time, in a recent interview with a *Herald* reporter, "that the Florida vote could have been bought if Tilden had been dishonorable enough to desire it. It could have been done for a great deal less than $50,000 or $20,000. It was known that either one of the two members who composed the majority of the Florida state canvassers could control its action and give certificates to the Democrats. Either one of them could settle the presidential controversy in favor of the Democratic candidate who lacked but one vote." How inaccessible to venal inducements they were is shown by the testimony of McLin, chairman of the board of state canvassers, in his examination before the Potter committee in June last. He admitted that the true vote of the people of Florida was in favor of the Democratic electors, and that the fact even appeared on the face of the county returns, including among them, the true returns from Baker county, notwithstanding the great frauds against the Democrats in some of the county returns. He also confessed that in giving certificates to the Republican electors he acted under influence of promises that he should be rewarded in case Hayes became president, adding that the certainty of these promises must have had a strong control over his judgment and action. After the certificates of the Louisiana returning board had been repeatedly offered to Hewitt and others for money, they were given in favor of Republican electors who had been rejected by a large majority of the voters and members. This returning board now possess the most important federal offices in the state. The pregnant fact always remains that none of these corrupt boards gave their certificates to Democratic electors, but they all did give them to Republican electors. I had a perfectly fixed purpose, from which I never deviated in word or act, a purpose which was known to or assumed by all with whom I was in habitual communication. If the presidency of the United States was to be disposed of by certificates, to be won from corrupt returning boards by any form of venal inducements, whether of offices or money, I was resolved to take no part in the shameful competition, and I took none.

The main interest of the victory which resulted in my election was the expectation that through the chief magistracy a system of reforms similar to that which had been accomplished in our metropolis and in our state administration would be achieved in the federal government. For this object it was necessary that I should be untrammeled by any commitment in the choice of men to execute the official trusts of government, and untrammeled by any obligations to special interests. I had been nominated and I was elected without one limitation of perfect independence. To have surrendered or compromised the advantages of this position by degrading competition for returning board certificates would have been to abandon all that made victory desirable, everything which could have sustained me in the larger struggle that victory would have imposed upon me. I was resolved to go into the presidential chair in full command of all my resources for usefulness, or not at all.

While thus abstaining from an ignominous competition for such certificates, I saw these certificates obtained for Republican electors who had not been chosen by the people, and denied to Democratic electors who had been chosen by the people. These false and fraudulent certificates, now confessed and proved to have been obtained by corrupt inducements, were afterwards made pretexts for taking from the people their rightful choice for the presidency and vice-presidency. These certificates were declared by a tribunal to which congress had abdicated the function of deciding the count of disputed electoral votes to be an absolute and indisputable conveyance of the title to the chief magistracy of the nation. The state of Florida which had united all her executive, legislative and judicial powers to testify to congress long before the count who were her genuine agents, which had, by statute, caused a re-canvass, the issue of new certificates and formal sovereign authority of the right of true electors to deposit votes entitled to be counted was held to be incapable of communicating to congress a fact which everybody then knew and which cannot now be disputed. Congress, though vested by the constitution with authority to count electoral votes, though unrestricted as to the time when it should receive evidence or as to the nature of that evidence, and though subject to no appeal from its decision, was declared to have no power to guide its own count by any information it could obtain or by any authority which it might accept from a wronged and betrayed state whose vote was about to be falsified.

The monstrous conclusion was thus reached that the act of one man, holding the deciding vote in a board of canvassers—for without his concurrence the frauds of other returning boards would have failed in giving a certificate known at the time and now by himself confessed to be false and fraudulent and confessed to have been obtained by promise of office—certificates whose character was known months before congress could begin the count, must prevail over all the remedial powers of the state of Florida and of the congress of the United States combined, and must dispose of the chief magistracy of this republic.

S. J. TILDEN.

PACIFIC COAST NEWS.

CALIFORNIA.

An Outrage by an Insane Member of the California Convention.

SACRAMENTO, Oct. 16.—This afternoon while a number of members of the convention were gathered together in the assembly chamber, the convention having adjourned, a drunken man named Hale, strolled in. Sergeant-at-Arms Sherwood, was leading him out when Hale made some rude remark which Edward Barry, a Democratic joint delegate from Siskiyou, Trinity and Modoc counties, who was passing by, took to himself and drawing a pocket knife he rushed on Hale and cut him three times in the neck. Sherwood and delegates Tinnin and Farren seized him when he cut the former severely in the hand. He then paraded up and down the chamber gesticulating and talking wildly. Officers soon arrived and arrested him. Barry's friends say he has previously been in an insane asylum from the effects of drink, but that he lately appeared to have reformed, and being a man of ability, became the choice of the people of his section. His present action is supposed to be the result of the return of the old malady from recent indulgence in liquor. His seat will be declared vacant and an attempt made to commit him to the asylum again. His wife and family are in Oregon.

Another Chance to "Put Up."

SAN FRANCISCO, Oct. 16.—A dividend of $3 on Eureka Con. is declared, payable on the 21st inst.

Suicide.

SAN FRANCISCO, Oct. 17.—Julius Knop, a native of Alace, single, aged 27 years, a brewer by occupation, committed suicide last night at his room, No. 15 Vernon street, between Dupont and Kearney. He shot himself in the right ear, the bullet passing out at the opposite side of the head. He left two scraps written in French indicating that he had been driven to despair, and never could become happy save by suicide.

UTAH.

The Aiken Murder Trial--Not Guilty.

PROVO, Oct. 16.—The jury in the case of Sylvanus Collett, implicated with Porter and Rockwell, Mormons, for murder, in 1857 of a California party known as the Aiken party, rendered a verdict of not guilty at 7 P. M. to-day. The trial had been in progress two weeks and the evidence elicited implicated several other Mormons of high standing. Rockwell died last summer.

WASHINGTON CITY.

The Umatilla Indians—A dispatch of Gen. Howard to Washington, relating to Outrages on Indians.—The Matter Referred to Secretary Schurz.

WASHINGTON, Oct. 16—Gen. O. O. Howard telegraphs from Fort Vancouver that a Umatilla Indian was murdered on the 29th ult. by white men, and that the Umatillas have within three weeks lost five hundred horses taken by whites. He asks: "Cannot the U. S. district attorney be instructed by the attorney-general to attend to this and other cold-blooded murders of Indians by white men? A few examples of such justice would do more for peace than a whole summer's campaign." The foregoing was endorsed by Gen. Sherman as follows: "The Umatilla Indians should be protected in their lives and property, as far as possible, by civil agents, as also by the military; but after a crime is committed civil courts should try the case and adjudge the measure of punishment." The dispatch, thus endorsed, was sent by Secretary McCrary to the Indian bureau to-day, and acting Commissioner Leeds has referred it to Secretary Schurz with recommendation.

The Chinese and Secretary Evarts.

WASHINGTON, Oct. 16.—The Chinese embassy, since their arrival at Washington, have apparently devoted their time to housekeeping arrangements and amusement, and it is needless to say have not made any visible movement for any modification of the Burlingame treaty. Secretary Evarts, however, has now returned to the state department and will soon bring the subject of Mongolian immigration to the attention of the Chinese ambassador, and invite an explicit declaration of the views of his government upon the question and of its willingness to consent to some restriction. There is reason to believe that Secretary Evarts will make a strong presentation of the advisability of Chinese acquiescence in the expressed opinion of both houses of congress, and there is no doubt but that the wishes of the people of the Pacific coast will have in time, not only an able, but a sympathetic advocate.

THE FIAT MONEY IDEA.

GRAND RONDE, Oct. 12, 1878.

TO THE EDITOR OF THE OREGONIAN:

As you are so much opposed to the greenback, you will oblige a constant reader by answering the enclosed questions: H.

1. Is it not the sovereign power which creates money?

2. Is not that, and that alone, money, which the sovereign power stamps as money, legal tender, whether it be gold, paper, silver, leather, or anything else?

3. Were not the greenbacks stamped by sovereign power, and paid out, each dollar for full consideration, just as government would have paid out silver or gold?

4. Does the stamp of government on gold or silver as so many dollars give them a particle more value than the stamp of government on the same amount of paper?

5. Is it not exclusively the condition of a country as a debtor or creditor which makes its paper legal tenders par or at a discount from gold?

6. If a creditor country makes its paper or credit the exclusive medium of payments, would not such paper or credit be at a premium over gold, as it was for many hundred years in Venice, where at times its paper was at a premium as high as thirty per cent. over gold, the paper or credit of the bank of Amsterdam being also at a premium over gold?

7. If, to-morrow, France and England were to demonetize gold and make their treasury notes the exclusive legal tender, would they not be at a premium over gold?

8. Cannot the sovereign power fix and maintain an unvarying volume of paper legal tenders so that it shall have perfect steadiness?

9. Is it in the compass of human power for any country to establish or provide volume of gold or silver legal tender which shall not vary, which shall not perpetually fluctuate, disturbing all values with its unceasing variations?

New York *Sun*: "After the Democrats of Colorado permitted themselves to become the tools of the Union Pacific railroad ring, there could be no ground of surprises at the defeat that overtook them in the recent election." That also was what was the matter with Mitchell in Oregon.

THE STATE FAIR.

Eighteenth Annual Exhibition of the Oregon State Agricultural Society.

MORE BORSES—THE SHEEP AND CATTLE DISPLAYS—THE RACES, NOW TIME—ELECTION OF OFFICERS—ANNUAL ADDRESS.

SALEM, Oct 17, 1878.

The day is fair and bright, and there is a spirit of cheerfulness prevailing in consequence. The fair grounds and race track are still muddy and getting about is unpleasant, but there is a chance to dodge the mud in some places. This weather ten days ago would have been worth many thousands of dollars to the society, but now it is too late to retrieve the loss consequent upon the rains, and the deficit of receipts cannot be at all nearly made up. The fair will virtually close to-morrow, though a few will remain till Saturday, to gather up the fragments.

MORE HORSES

Are on the ground and finer specimens than ever before, and we have missed the opportunity to get any information concerning some of them.

Among those not here before named we find J. F. Jones has a three year old filly of all work, and entitled to what she got the first premium for all; J. A. Mosier taking the second.

A. Cowan of Linn county has a magnificent black filly 2 years old, by Reed's Autocrat out of a Vermont mare. She took the second premium for 2 year olds of all work, being beaten by Queen, Col Nesmith's filly, of Black Stranger.

J. Bookstein's stables contain some very fine horses, among which is a span of gray roadsters that deserve special notice on account of beauty in color, form and action. His 2 year old Bashouk is a beautiful colt and runs like lightning for a short distance. He and others have other horses, but we can only tell of those of which we could gather information.

CATTLE.

Our former notice of this important department was incomplete and unsatisfactory.

Henry Myer of Dallas has the first premium for the best bull of any age, won by his short horn bull Hannibal. He also has the first premium on a herd of five cows, and first premium on yearlings. He inclines to short horns and has a splendid lot of animals.

James H. Hastings of Polk county, has a fine young short horn bull, a very likely beast.

Col. Peter Sadd & Sons, near Lady Townsdale, a four year old cow, weighing 1,600 lbs., of the short horn breed, which took a blue ribbon as best aged cow. They have also yearlings and two year olds of the same blood, which are first-class. A bull calf was sold by them yesterday to Elish McDaniel of Polk county for $500. The finest animal in this department, perhaps, is their heifer calf, 9 months old; Harvest Queen, which wears two blue ribbons, one as best heifer calf, and one as best cow of any age. The same owners exhibit an Ayreshire bull and a yearling of the same blood. They have 12 imported Berkshire hogs which are fine swine.

Thos Cross of Salem, has some good cows, and takes a red ribbon for the best herd of five.

J. H. Hastings takes the first premium for best milch cows, and first on best calf six months old.

SHEEP AND GOATS.

Mrs. Blacow of Alameda county, Cal., heads the exhibitors of sheep, having on the ground 64 head of pure blood French Merinos. No better lot of sheep of this variety have been on this ground before.

James Richard has 12 pure blood Cotswold and 4 grades of the semi-breed, very fine. W. T. Newby also has Spanish Merinos, a good band and fine sheep.

John Minto, whom everybody recognizes as a leader in the sheep business in Oregon, has Spanish and American Merinos, pure blood and graded, though he barely makes the usual showing—nevertheless takes away several blue ribbons.

Rev. J. L. Parrish has 15 head of Spanish Merinos, and gets the first premium on some of them.

Hon. M. Wilkins, president of the society, has some very fine New Oxfordshires.

James Withycombe has Cotswolds, and there was one pen of sheep, the owner of which we could not find out.

The exhibit of sheep is much smaller in number than usual, but those to be seen show the march of improvement in this branch of industry. There are no inferior animals among them.

G. F. McCorkle, of Marion county, has a herd of fourteen Angora goats, ten of them being pure bloods imported, among which the buck Bob Lee II, a $400 and a fine animal.

Shaw & Matthieu, of Marion county, have also a few fine thoroughbred Angoras and graded goats.

F. Yocum, of Sheridan, has three thoroughbreds and two graded, that are fine samples of this animal.

Landrum & Rodgers have eight head, all thoroughbreds and of the largest size and finest fleeces.

THE DAY'S RACES

Embraced a single dash trot for a special purse offered by S. G. Reed to Autocrat colts 2 years old. Won by Aristocrat, owned by Wm Chalmers of Washington county, in 3:46½.

The second weaver to all horses that had not beaten 3:10, and the entries were Lummux, Lucy, Major Brown, Bell and Zela. The s. h. Major Brown was distanced on the first heat, and Zella on the fifth. The following shows the result of the five heats:

Lummux, br h	1 1 2 3 1
Lucy, b m	3 5 1 1 3
Bell, g m	2 2 3 2 2
Zella, b m	4 4 4 4 dis.
Major Brown, s h	dis.
Time, 3:10, 3:06½, 3:08, 3:06, 3:03½	

Lummux and Major Brown, we believe, belong in Washington territory; Lucy is owned by Jerome Porter of Forest Grove. Bell belongs to J. F. Mann, of Portland, and Zella to Bill Gird. The contest was spirited, and the favorite in the pools did not win the race.

The great race of the Fair will take place tomorrow (Friday) as announced elsewhere.

The winter of our discontent, that has until now brooded over the Fair grounds, is at length dispelled by an October sunshine, warm and bright enough to satisfy the most exacting. The

ANNUAL ADDRESS

Was delivered in the hall occupied by the Y. M. C. A. last evening, by Col. Lang, of Eastern Oregon. The choice of this gentleman for this duty was most fortunate. He had acted for several years previous to his arrival in this state in the capacity of president of the Maine agricultural society, and the address was replete with practical suggestions and interesting statements.

The society held its annual

ELECTION OF OFFICERS

Last evening with the following result: President M. Wilkins; vice presidents, John F. Miller and C. P. Burkhart, of Linn county; secretary, E. M. Waite, of Marion; treasurer, Ladd & Bush; directors, Thomas Smith, Douglas county; Wm. Brown, Baker, A. J. Dufur, Wasco; O.C. Applegate, Lake; Geo. Belshaw, Lane; Jerome A. Porter, Washington; S. Luelling, Clackamas; Henry Miller, Multnomah; J. G. Barker, Polk; A. K. Wilcoxen, Benton; Jos. Hamilton, Linn. R. Stewart, Grant; W. C. Myers, Jackson; J. N. T. Miller, Jackson; D. C. Stewart, Yamhill; Fred Shoemaker, Union; R. J. Morrison, Clatsop; Clark Rowley, Tillamook; Hugh Fields, Umatilla; F. S. Matteson, Coos; Maj. Jake Rinearson, Columbia; Chas. Hughes, Josephine Jos Nye, Curry.

The display in the

PAVILION

Is greatly enhanced by the light of the sun, so long withheld, and pictures, flowers, fruits and handiwork discover new beauties under its kindly radiance. The pictures competing for premiums, exhibited by the rival photographers of Portland, Buchtel & Stolte and Frank C. Abell, are fine in the extreme. The display of the former is favored by the best position and light, and receives four first premiums, the first being for the largest and best collection. The latter receives first premiums for the best retouched photographs and display of *cartes de visite*. R. W. Jackson receives first premiums on his display of sea shells and silicious jewelry. The ladies department is in such a flutter of blue ribbons that the society's published list alone will enumerate the successful articles in detail. We notice that a man enters this department in division J and carries off two first premiums on big carpet. The blue ribbon is attached to the exhibit of blankets and flannel by the Brownsville Woolen Mills, and the red to the exhibit from the Ashland Mills. Mrs. J. K. Kinsey takes the first premium on a ladies' balmoral skirt, home-made and prettily striped; Mrs. C. Morris on best pair of home-made blankets.

The Plummer fruit dryer, to which allusion has several times been made, deserves more than a passing notice combining as it does, economy with excellence, in the preservation of the magnificent fruits that abound in Oregon. The display of fruits preserved by this process and shown by the inventor and others, is extremely fine and attracts universal attention. A case on exhibition by Plummer receives the society's first premium, and has this is by no means his first triumph is seen by medals placed conspicuously near the center of the case. One being the centennial award for excellence of flavor, color and condition of fruit, and others, two of gold and one of silver, that were awarded by this society in 1876-7. Mr. Plummer has also received notice by telegraph that a like honor has been accorded his fruits at the Paris exposition. Of the special premiums offered for the largest and best exhibit of fruit prepared by the Plummer process, Mrs. Mary Short, of Clackamas county, receives the first, a beautiful silver caster; Mrs. M. C. Cline, of Salem, the second, a fine calendar clock, and Mrs. Dr. Wardner, of Polk county, the third, also a beautiful clock. Mrs. Short also received the society's second premium for largest display. That these machines are rapidly growing in favor is attested by the interest shown in examining the exhibit, and the large increase of orders received for machines the present year.

The firm of Dayton & Hall, hardware merchants of Portland exhibit beautiful specimens of fret and scroll work wrought in fanciful and artistic design, by the aid of a scroll saw, also shown.

Fine specimens of wire cloth is exhibited by the Bee Hive Wire Works, of Albany, which are decked in blue ribbons.

Young ladies under sixteen show that their culinary education has not been neglected. Miss Minnie Holman taking the first and Miss Lulu Knight the second premium on cake; Miss Holman takes first premium on salt rising, and Miss Alice Monroe on hop rising bread. Miss F. L. Campbell takes first premium on best five pounds of butter exhibited.

George Belshaw, of Lane county, takes first premium and sweepstakes for best exhibit of grain.

I. M. Rinearson, 16 first premiums on vegetables; Mrs. M. C. Cline, first premium on apple jelly, made from the peel and cores of apples, with and without sugar. These jellies are transparent and beautifully tinted, according to the variety of apples from which they are made.

The big swing is in operation to-day for the first time to the manifest delight of the country swains and lasses who enter with peculiar zest into their annual "swing around the circle."

MISCELLANEOUS.

Mr. DeLeasure, representing Raymond & Whitcomb, exhibits several Mexicale & Cuban asses in the building adjoining the OREGONIAN office. They attract much attention, as also the model of vault door (burglar proof) for which they have a contract with the San Francisco Savings Union to furnish three. They also exhibit the Buffalo Scale Company's scales.

Mr. Plunder goes home highly pleased with the result of his exhibit.

To-night (Friday) Mr. Fitzgerald will present the "Romance of a Poor Young Man" for his benefit. Undoubtedly the house will be crowded. We have had a fine company and excellent music and those connected with it gentlemen, and regret they cannot stop over at Portland. The season will close Saturday night.

Mr John C. Trullinger of Astoria, received first premium on his wagon brake. It is a splendid thing and can be seen any day on one of the O. S. Co's. trucks.

Daily meetings are held at the Y. M. C. A. rooms, several prominent ministers presiding.

The west end of Industrial Hall is made very attractive by Schindler & Chadbourne's display of an elegant chamber set, side board, etc., which are constructed after designs set out in the eastern cities. Mr. Chadbourne informs us that he will make even a greater and more complete display at the Mechanics' Fair next week.

EUROPEAN NEWS.

Emperor William to the Front

LONDON, Oct. 16.—A Berlin dispatch says it is announced that Emperor William will resume the government, beginning in December

Socialist Committee Dissolved.

In consequence of the certainty of the passage of the socialist bill, the central Socialist committee have voluntarily dissolved. In a parting address it calls upon its members to continue their efforts for the propagation of their political ideas in private life.

Ameer and the Viceroy.

A dispatch from Simla says that the viceroy's native emissary, bearing the ameer's answer, is expected to arrive at Kohat on Sunday. If the tenor of the reply is unfavorable operations will begin immediately.

Convention Signed.

CONSTANTINOPLE, Oct. 16.—Moukhtar Pasha has confirmed the announcement that he and Greteva have signed the convention.

The Transfer Complete.

The transfer of territory ceded to Servia by the treaty of Berlin is now complete.

The Servian Boundary.

BELGRADE, Oct. 16.—Differences have arisen between English and Russian delegates on the Servian boundary, and a commission of both have asked their governments for instructions. It is thought the Albanians intend to molest the boundary commission, and a large Servian force has been sent to Vranja to protect them.

More Amendments Wanted.

A Berlin dispatch says the government will probably endeavor to secure an amendment to objectionable points in the Socialist bill by a private conference with Liberals. The latter, however, are very determined.

Turkish Evacuation.

LONDON, Oct. 16.—A Vienna dispatch says that the Porte has intimated that it has given orders for the evacuation of Spuz and Podgoritza.

Garrisons Reinforced.

SIMLA, Oct. 17.—The concentration of Afghans in Khyber pass is causing uneasiness. Garrisons at Peshawur and Kohat are being reinforced. Three Pesh ab regiments have reached Tull. It is reported that the forces at Ali Musjid and Candakar have been largely reinforced.

Andrassy to the Porte.

VIENNA, Oct. 17.—Count Andrassy's reply to the porte's circular consists entirely of a refutation of the charges of cruelty against the Austrian army of occupation in Bosnia, and a comparison of the present occupation with Omar Pasha's invasion in 1852. The letter is generally moderate in tone, but contains with a strong repudiation of what it styles "odious calumnies" against the army.

A Hurricane at Buenos Ayres.

LONDON, Oct. 17.—A dispatch from Buenos Ayres says a terrible hurricane on the river Plate caused great inundations.

A Loan to Egypt.

It is said the Rothschilds have agreed to loan Egypt thirty millions of dollars, to clear off the floating debt.

Financial.

Bullion in Bank of England decreased £800,000 during the past week. Proportion of reserve to liabilities, 22½ per cent. The Bank of France has raised the price of eagles from 19½ per mill premium to 20½. It is stated that three million dollars of gold from the continent will reach London today, and will probably go into the Bank of England.

FRIDAY MORNING OCT 18 1878

OREGON LEGISLATURE.

Tenth Biennial Session

Senate.

AFTERNOON SESSION

SALEM Oct 15 1878

Watts amendment on S B 135 was lost

George moved that S B 135 be ordered engrossed read a third time and made special order for tomorrow at 10 o clock carried

READING OF MESSAGES FROM THE HOUSE

The house has adopted the report of conference committee on S B 125

H B 43 to amend certain laws

H B 57, for an act to provide for the filing of notices of pendancy of action affecting title to real property rules suspended read a second time by title and ordered to a third reading

H B 60 for an act to cure defects in deed heretofore made in real property rules suspended bill read a second time and ordered read a third time

H B 68 an act to enable persons engaged in the business of logging to secure right of way rules suspended and bill read second time by title

Apperson offered an amendment which was adopted

Haines offered an amendment which was adopted

George offered three amendments rules suspended and bill put upon its passage passed by a vote of yeas nays

Haines—S R 1—*Resolved* that no senator shall speak more than five minutes and shall speak but once without the unanimous consent of the senate

S B 27 passed the house with amendments 1st 2d and 3d house amendments concurred in

H B 147—To amend an act to provide a board of canal commissioners at the Willamette falls rules suspended and bill read a second time by title an amendment by George adopted rules suspended bill put upon its passage and passed by a unanimous vote

House has passed H B 16—To amend sec 78 title 6 chap 5 miscellaneous laws. Moved that the rules be suspended and bill be read by title motion lost

George asked that his vote be changed and moved that the last vote be reconsidered Carried and rules suspended bill read a second a 3d third time and put upon its passage and passed by a unanimous vote

H B 70 To amend an act to create the county of Lake read first time

H B 146—To authorize the construction of a wagon road from Alsea valley to the mouth of Alsea river rules suspended bill read second time by title read third time and put upon its passage passed by a vote of yeas 26 nays

H B 32—To provide for the expenses of the Oregon exhibit at the centennial moved that the rules be suspended and bill read second time senate refused to suspend the rules

H C R 36—House concurs in senate amendments to H B 103—For the relief of Lake county rules suspended and bill read second time by title now ordered to third reading.

S B 9—To secure credit orders in case of assignment of debtors passed

H B 161—To incorporate the city of Oakland passed.

S B 9—To secure creditors in case of assignment by debtors passed

H B 137—For internal improvement fund and to construct certain narrow gauge railroads Committee reported in favor of the bill

Scott moved to adopt the amendment providing for the construction of a wagon road in Benton county and the Silverton railroad in Marion county

Moved to lay the amendment on the table and as that took the bill with it it was argued at length The speaker explained the situation The motion was lost

Motion to postpone was made

Green wanted to stand and defend the rights of his constituents His pay of the amendment was a wagon road in his county

Broback opposed the amendment because it was unconstitutional

Indefinite postponement lost amendment adopted—29 to 21

Purdin moved to indefinitely postpone the bill He showed that there was already a debt of $2 000 000 saddled on the swamp land fund and this bill was selling out blindfold at a mess of pottage He showed the swindle of the road from Corvallis to Newhalem that cost the swamp land fund $90 000

Members called time on the gentleman and Mr Speaker said there was no doubt of the fate of the bill if the gentleman would allow it to come to a vote

Green said he was glad to be enlightened The bill was postponed—31 to 26

H B 146—For wagon road from Alsea valley to mouth of Alsea river or tide water, when the voters of said county shall so vote at some general election.

Grant rose to a privileged question—if the clerk had H B 167 in his possession He said the printed bill was not right, and the man who would garble a bill so was lower down than a dog So the bill was read and the members compared it with their printed bills and they both read the same but Grant declared it was not correct

Green explained H B 146 and the interest felt in the bill passed

H B 38—To pay expenses of the Oregon exhibit at Philadelphia 1876 passed—40 to 16

H B 103—For relief of Lake county This bill provides for equalizing matters between Jackson and Lake counties The courts have given a verdict against Lake county, and this bill orders the county clerk of Jackson county to cancel it

Kahler of Jackson said the amount has been paid

Broback of Lake politely assured all hands it had not.

Evarts thought they had better take a little legal advice before bringing in such a bill.

Broback thought that was a nice dodge to kill a bill told the circumstances of the individual case and rejected the offer of advice said I have had as good advice as there is—and better too which settled it, and the bill passed evidently because Broback is a great wag and has got the blind side of the house with his humor Several members wanted to be excused from voting on plea of ignorance, but Ramsby never lets any man shirk—always objects

H B 167—Authorizing directors to designate text books in school districts.

Dorris said the bill does away with the office of superintendent of public instruction and does away with uniform series. Made a plea against our school system and having chaos in place of it. He took advanced ground upon educational matters, and advocated a liberal support of our school system. There was no politics with him in the matter and the fact that the present superintendent was not of his politics was of no consequence

Thompson said we have been passing school laws, and passing a bill to aid the university, and to pass this bill would be a step in the wrong direction

Purdin said it would be tearing down but instead clamored for a vote and had its mind made up the bill failed to pass 12 to 44

Messages from the senate were read to announce the passage of house bills returned for enrollment and H B 127 for canal commission Senate amendment added an emergency clause house concurred

H B 108—Repealing an act to establish uniform course of instruction

Read Cornett's bill because it repealed the old law and made no other provision in place of it. It would throw our school system into chaos

Dorris said H B 129 proposed a better remedy and would be called up

Lee recollected the confusion that prevailed before the uniform system was adopted He thought the better course was to amend the law as proposed in H B 120 which the committee on education recommended

Grant was pleased to differ from his colleague We saw lobbyists here, we too, if we did not do anything would give a big oyster supper and boast how they did what they possessed with an Oregon legislature and it looked as though they would do it again Then when they went back the San Francisco *Chronicle* told how the school book publishers got away with an Oregon legislature He was here to enforce the demands of the people. The committee on education were for enforcing their own ideas, not those of the people. He would go back home justified, and his partner over there would not, but they would wreak their indignation on him Lobbyists were working against his bill

Lee said he would take the responsibility that his colleague misunderstood the voice of the people it was his own voice he heard in the canvass for he talked this subject all the time. He did not understand that the people of Polk made this issue so much as his colleague did. He believed it better to mend the law rather than repeal it

Dorris claimed that Bancroft & Co only published six volumes out of forty He told the agent of that house that some of the books were poor, and that they cost too much, and he explained the facts. Barnes & Co were petted in some things trifling in comparison to what Bancroft charges and yet they would not put the prices down on what books the state make use of, which reminded him of dishonest practices of merchants who would give away some articles to catch customers and fleece them afterwards.

Purdin said he doubted if H B 129 was strong enough, The Bancroft Co say they will come down in their price 20 per cent if they charge too much He moved to lay the bill on the table so that it could be called back in case it failed as not answer the purpose Motion to lay on the table was lost.

Hughes said H B 125 permitting school districts to choose their own text books was as like it pass as H B 129 which afforded no remedy

Gates did not know much about school books but he thought this bill ought to pass Failed to see through chaotic spectacles thought we could get good wholesome books for the children to study hoped there were no attorneys employed on this floor

Reed would vote for this bill if there was no other system needed some remedy the people would demand some good series or else teachers could change the series every year Did not like instructions that members were influenced by the lobby Because one man thinks another of different mind it seems to be the custom to charge him with being purchased which was he thought very bad manners for a legislature

Speaker thought members did not need to be lectured

Ramsby called them all to order for half a dozen were talking at once

Chenoweth wanted to know if they must tell how they were going to vote

Evarts spoke on the merits of H Bs 103 and 125 couldn't see where the monopoly was in those books as they were sold everywhere by retail dealers he repelled the insinuation that the bill was in the interest of monopoly he believed a uniform series was more desirable than no system at all

The bill failed to pass—25 to 28

Committee to examine books and accounts of the penitentiary recommended passage of S B 99 for leasing penitentiary and in case no change is made recommend that the present superintendent B F Burch be retained

Senator Palmer made a minority report ably contending against the idea of leasing the penitentiary

The clerk's report was read He found accounts to have been kept in such a manner as to create confusion errors appear accounts are not closed making accurate statements impossible There is no report of his superintendency Expenditures from Sept 1 1876 to Feb 11 187 were $11 8 86 while the state appropriation was only $6 468 84 excess of appropriation $5 390

The minority report was adopted by a large vote upon motion of Scott of Marion

Palmer's report objects to leasing only and he seems to agree with the rest as to the excellent management clear book keeping and worthy character of Superintendent Burch's administration All seem to agree that Burch has done well and many hope he will be retained

Committee on Indian wars of 1877 A report that the passage of the senate bill renders any action by them unnecessary and they have turned papers over to the secretary of state

House adjourned to 9 o clock A M

Senate.

SALEM Oct 16

The senate convened at 10 o clock, and was opened by prayer by Rev Mr Coats of the Baptist church of Portland

Reading of the journal dispensed with

S Bs 7 and 27—Reported correctly enrolled

S C R 21—Watt moved that the resolution that the legislative assembly adjourn *sine die* at 10 on Friday evening of 18th be taken from the table The motion prevailed and the resolution was adopted

Reed I have moved that H B 9 relating to the state university be now taken up Two amendments offered (the first by Watt and second by Apperson) were lost bill passed—yeas 1 nay—Watt voting nay

S B 150—Relating to keeping of insane granted order taken up and re-referred to engrossing committee with instructions to correct

Bentley was granted leave to call up S B 71—to prevent swine running at large in certain counties passed by unanimous vote

The president has signed S Bs 13 48 and H Bs 24 28 70 and 131

S Bs 52 H Bs 38 63 113 129 are returned with the speaker's signature.

Myers introduced S J R 8 authorizing the governor to examine the accounts of state treasurer and report once in three months This resolution was lost

Smith S C R—*Resolved* That the examination of the state printing be left to the secretary of state, with instructions that he may employ experts if necessary and report the same resolution adopted

Hirsh moves to take up H Bs 105 reported from the judiciary committee

H B 50—Reported back with amendment and without recommendation amendment adopted

Haines moved to amend amendment adopted rules suspended bill read third time now

After some discussion on the expediency of the bill it was lost by a vote of yeas 14 nays 15 Messrs Bilyeu Brown Burnet Davidson Davis, Fulton Haines Myers Palmer, Thompson and Mr President voting nay

H B 150—To provide for the sale of school lands to defraud etc and repeal certain laws referring to the same rules suspended and bill read 1st and 2d time by title now

Jasper offered an amendment which was lost Adjourned

House.

SALEM Oct 16

House met at 9 A M

The speaker announced the signing of various bills.

BILLS READ THIRD TIME

Schroder—H R 31, that no member speak more than once or more than five minutes adopted

Thompson moved that to expedite business a committee of five be appointed to examine the bills and say which are most important and should be acted upon as it will be impossible to get through the business Which remained pending during reading of S C R

H B 119—For incorporation of cities—Introduced as a general incorporation law under which towns and cities of different grades can be incorporated

Evarts explained that the bill was principally taken from the laws of other states and that under it all towns can incorporate and save much time lost and expense to the state at each session He moved to strike out part of section 11, carried the bill passed—50 to 7

THE STATE PRINTING FRAUDS

Galloway—H J R 12 WHEREAS It appears by the report of a joint committee to investigate the state printing for the last two years that M V Brown the state printer during the last term has received from the state during the said time the sum of $7 8d 50 in excess of the amount to which he is by law entitled and

WHEREAS There is reason to believe that he said state printer has overdrawn other and further sums in excess of the amount to which he is by law entitled on account of printing done during the period of his office not covered by the report of said committee now, therefore be it

Resolved by the house, the senate concurring That the governor be requested to appoint a competent person or persons to correctly measure all the printing done for the state by M V Brown late state printer from Sept 1 1874 to Sept 1 1876, and so much of the printing done by him since said last date as was not measured by the committee appointed under house concurrent resolution No 4 and to estimate and determine what sums if any have been overpaid therefor by the state And the secretary is hereby required to deduct the amount so ascertained together with the sum of $7 874 47 ove paid said M V Brown for printing done by him for the state from September 1, 1876 to September 1, 1878 as shown by the report of the committee appointed under said concurrent resolution No 4, from any claims or demands which the said M V Brown may have against the state for printing not yet audited And if, after such deductions are made it shall be found that there is a balance due the state then the governor is authorized and directed to cause suit to be instituted against said M V Brown and his sureties or either, for recovery of such balance Such suit or suits shall be conducted under the direction and control of the governor by the district attorney of the third judicial district, and such assistant counsel as the governor may employ

Hewitt moved to amend, to have the expert appointed by the governor measure all the printing that has been done since 1874 including that since Sept 1876 as well as before

Galloway said he would make no objections to further investigation Replying to Hewitt's notice in his remarks that Haley did not work with the committee as stated in a report to the senate he (Galloway) gave his word as a gentleman that Haley had every opportunity to join the committee that he said first a both appealed to Haley to stay when he was once with them in a committee room at the capitol that they held meetings in Harding's office to accommodate witnesses who could not find time to go to the capitol being so far off Haley did not object to the appointment of D Arcy he was told that they intended to appoint him When they were each to report their findings they urged in every possible manner Haley to go with them to review the work and prove their findings but he always answered that he had too active business to attend to and could not work with the committee He never objected to meeting in Harding's office. He went on with great earnestness and eloquence to repel insinuations that he was bought by Republicans, that Republicans influenced him; and warmed up as he showed the necessity of making a disinterested disposition of the matter, regardless of the consequences to friends or brother Democrats. He was not influenced from any source acted conscientiously in the discharge of his duty, and knew this future would bear him out.

Hewitt explained that he meant no insinuation did not believe it necessary for Galloway to defend himself Experts differ and any there are only a few men competent to examine the matter He wanted the governor to employ experts and make a thorough investigation, and that no wrong shall be done to the state or to the state printer He should offer no opposition to the prosecution of the printer in case he has overdrawn

Stratton explained in a few words the action of the committee to be as Mr. Galloway had stated

Mr Cole being in the chair, Mr Speaker spoke to the resolution The Democratic party was not wrapped up in the action of any official It stood on its principles. The resolution was correct as it stood The printer could call out all the facts and bring any evidence he pleased before he courts, and then all the evidence could be stricken out Amendment was needless as the courts would not permit the furnishing of further evidence by the state; later before a jury

Thompson said he thought the matter should go to the courts and have full investigation and he favored his amendment This committee had labored hard and did it faithfully

Gates saw no the amendment wanted the whole matter thoroughly examined Didn't think there was any cause for the excitement of the gentleman from Yamhill and thought improper reflections had been made on the character of a senator He alluded to the fact that a legislative investigation two years ago was to the effect that the printer's accounts were correct

Stearns hoped the resolution would pass without amendment for it or the state is necessary that the two years be fully examined by the experts appointed by the governor that all the rest be in vestigated and let the whole matter go to the courts for final settlement when the printer can produce all testimony in his favor and review all the finding already made.

Galloway replied to the insinuation of Townsend that Mr Noltner expert never had been sworn His certificate was attached to the printers account and his honor was involved as well as his committee He was a republican for all of Mr Brown state printer Mr Noltner was also his kind friend his wife either was a brother or he believed he had the honor to do what he had done on this committee He explained that there was about $7 000 still due Mr Brown and he had drawn more than was due him from the state that amount ought to remain in the state treasury.

Dorris offered concurrent resolution that Hirsch as A I Stinson had a contract with the state printer to do the work previous to Sept 1 1878 and to realize sixty per cent of the amount coming for the same that section of the law entitled the account of State Printer Brown for work not settled for and issue warrants to 60 per cent of same to said A L Stinson

Hughes favored the motion to adopt this concurrent resolution as a substitute for the contracts which now run days and claimed that the committee expert was not competent and had to have outside help and the committees seemed to feel nervous when their report was brought in question He referred to F I Waite as a competent expert and more competent than this man we hear of D'Arcy of whom he didn't know if he actually was a printer

Galloway explained the part Mr Waite had in examining the work he never signed a line but estimated the overcharge it broke thus in paragraph 13

The house by a large majority refused to adopt the amendment It failed

Dorris moved to refer the matter to special committee with leave to report at any time the state could not reject the rights of the contractor who has done its work in good faith and his only remedy lies in our hands.

Galloway explained the situation of Stinson the contractor who had borrowed $10 that he knew of of a man who said let justice be done even though he loses the money loaned He told that the house could not recognize the private contracts of the state printer even though Judge Haley who was a member of the committee is the father in law of Stinson who has many friends here He denied the right of the state printer to dispose of the funds of the state If this money belongs to the state it cannot be paid to Stinson

Townsend said according to the appearance of things there had been a $10 000 loaf and Stinson is to have 60 per cent and Brown 40 He was opposed to reckless and amendment these men had no claim he favored the original resolution Good work had been done by Stinson and he should not be paid for so it was not a steal.

Galloway in the chair

Mr Speaker said he hoped there would be no shuffling Stinson was not an innocent party the state owed him nothing and was under no obligations to pay Brown's debts We are called on to be liberal with the state's money no reason why the state should shoulder Stinson's losses. Don't evade shuffle or twist the fact has come to the people that these frauds exist a way farmer man though a fool head not be deceived about the work of the state printing Stinson was cognizant of the measurement was Brown's foreman and was not an innocent party

Dorris said the committee had not measured any work of Stinson's he has no record as in law is not safe unless we do plain simple justice, so that he can pay the men and women he has employed

Thompson said it was no part of the legislature's work to adjust the private contracts of Mr Brown This being the case reference was useless

The house refused to refer by large vote of 40 to 4

Evarts moved to amend so as to resolution by adding—providing that the governor shall take such steps as he shall think right to protect innocent parties

The proposed substitute was unanimously voted down

Evarts then explained his motion to amend did not know Stinson what his politics are didn't want to get this work from Stinson without pay if he had acted in good faith if he has let him from $ proportion and the state pro ecute the bondsmen of Mr Brown for any mate due

Galloway said the state owed a good deal for citizen wants in the shape of a river Dr His relations with Stinson on the committee were pleasant and he felt only kindly toward him but we have no right to consider him at this time.

Townsend said the idea was preposterous to mix Stinson's affairs with this matter

Scott said it was too late to get a report Bill through and Stinson said he asked reporting of the amendment of the work done before this time

The amendment was unanimously voted down and the resolution as unanimously adopted Adjourned

OUR OREGON REMEDIES!

THE OREGON Blood Purifier

LIVER and KIDNEY REGULATOR!

A Purely Vegetable Family Medicine.

The ORIGINAL BLOOD PURIFIER is not an original compound prepared with the greatest care No Mineral Alcohol or herb of any poisonous or narcotic nature enter into its composition Some rich choice extracts and tonic delightful Aromatics are properly combined with it making it acceptable to the stomach palatable to the taste and gentle taken by all Special attention given to the sick

The Oregon Blood Purifier is the best known remedy for all diseases of the blood

This is the ONLY remedy that will effect a permanent cure of LIVER COMPLAINT and KIDNEY DISEASE, prevalent in this country.

It Purifies the Blood!
It Regulates the System!
It Cures Dyspepsia!
It Gives New LIFE and VIGOR to the System!

THE OREGON Blood Purifier

IS A HOME REMEDY

Although hundreds of our citizens and their families are using it with the best results we do not propose to drag their names into print and publish to the world their private complaints as done by many Eastern nostrums to make room for their full endorsements We prefer to let all judge for themselves

IF YOU ARE TROUBLED WITH

COUGH OR CATARRH

Either by irritation of the throat or stomach or bowels you will find in this a great help and relief

Many say my blood is not out of order, I was never sick Just so but it not in every case the blood relieves of impurities in the climate this malaria atmosphere and the water we recommend the use of this great Liver and Kidney Regulator

We simply ask you to try a bottle of the Home Medicine give it a fair square trial and you will certainly be convinced that it is the best medicine for the price that ever placed before the people

TO THE LADIES.

For cleansing and clearing the complexion and removing all eruptions in the skin such as Pimples Blotches Head or leaving it soft clear and white as nature intended it should be Use

REGULATOR!

It removes all certain eruptions in the skin such as Pimples Blotches Head or leaving it soft clear and white as nature intended it should be Use

DYSPEPSIA.

The Oregon Blood Purifier

Will be found a great help in relieving the dread disease

The Oregon Blood Purifier

Since the introduction to the people of this country has had a sale unprecedented by any other medicine and the demand created for this

Oregon Vegetable Remedy

has far exceeded our most sanguine expectations

Price $1 per Bottle, or 6 Bottles for $5.

Sold in Oregon California and Nevada by all Druggists in Oregon

Our well known name is a sufficient guarantee that we will place before the public only such a preparation as will do the work claimed for it

Willamette Fever & Ague Mixture,

Since the introduction of this remedy many cases of

FEVER AND AGUE

which all other remedies have failed In fact it is the ONLY remedy for malarious diseases to prevalent in this damp climate

The WILLAMETTE FEVER & AGUE MIXTURE Is an excellent TONIC and a few doses taken occasionally will build up the system and prevent all KINDS OF FEVER If you are a sufferer from FEVER and AGUE do not fail to try this new Oregon Vegetable Remedy (no mineral used in its preparation)

FRIDAY MORNING, OCT. 18, 1878.

THE STATE PRESS ASSOCIATION.

SALEM, Oct. 15, 1878.

An adjourned meeting of the State Press Association met at the Chemeketa parlors at 7:30 last evening. Present—M. V. Brown, A. Noltner, D. C. Ireland, W. H. Odell, J. H. Turner, S. A. Moreland, S. A. Clarke, Mrs. C. A. Cogswell, Mrs. A. J. Dunniway, Wilbur Cornell, W. S. Chapman, Thos. B. Merry, W. H. Alexander, Chas. Nichol, Chas. Besser and D. H. Stearns. On motion a committee was appointed on order of business.

D. H. Stearns was elected assistant secretary. The Walla Walla *Watchman*, the Coos Bay *News* and the Lafayette *Courier* were elected members of the Association.

Your committee to whom was referred the resolution relating to eastern advertising, would respectfully report the following substitute for the same:

Resolved, That all advertising from advertising agents be taken with the understanding that settlements must be made quarterly, and in the event that any agent neglect or refuse to pay his account within thirty days after payment is demanded, it shall be the duty of such paper as is denied a settlement, to notify the Secretary of the Association of such refusal, and he shall give notice to each paper belonging to the Association of such fact, and no paper shall thereafter, unless the cash accompanies the order, receive any advertising from the agent or agents.

Resolved, That all members of this Association will hold the agents sending advertisements to papers of this Association responsible for the price of the advertisements ordered by them, and that no publisher of this Association assumes any risk or will they look to the advertisements or publishers for their pay for advertisements received from agents. Respectfully submitted,

A. NOLTNER,
D. C. IRELAND,
W. H. ODELL.

On motion of Mr. Clarke the Secretary was directed to correspond with all the newspapers within this jurisdiction; adopted.

Mr. Moreland moved that this Association meet in Portland on such day in June next, to be fixed by the Directors.

The following report was read and adopted:

SALEM, Or., Oct. 15, 1878.

To the President and Members of the State Press Association—Your committee to whom was referred the matter of preparing a memorial to the honorable Legislature, in accordance with the resolution adopted at our last meeting, also to bill for an act defining the libel law, for consideration of that body, would respectfully report that we have prepared such memorial and bill, and it is in the hands of Senator Lord, of Marion county, waiting for the proper order of business to be presented.

Respectfully,
S. A. CLARKE,
D. C. IRELAND,
S. A. MORELAND,
Committee.

Mr. Clarke presented the follow resolution, which was adopted:

Resolved, That any newspaper having participated in the proceedings of the Association and afterwards having voluntarily withdrawn its representation therefrom, shall not be again admitted to membership except by a vote of two-thirds of the members present at any meeting.

Mr. Clarke extended an invitation to the association to meet at his residence for a social reunion on Thursday evening next.

On motion, W. H. Odell was elected Corresponding Secretary of the Association.

A vote of thanks was extended to S. F. Matthews of the Chemeketa hotel, for the free use of his parlors.

Adjourned. M. V. BROWN, President.

J. E. TURNER, Secretary.

COURT MARTIAL.

A general court martial was held a few days since at Fort Vancouver, for the trial of privates John Carroll, Samuel Wood and Mayer Levy, of Company D 2 st Infantry.

The charge against Carroll was "conduct prejudicial to good order and military discipline." He was found guilty and sentenced by the court "to forfeit to the U. S. $10 per month of his monthly pay, for the period of three months, and to be confined at hard labor at the post, where he may be serving, for the same period."

The charge against private Wood was "violation of the 60th article of war." He was acquitted by the court.

The charge against private Levy was "disobedience of order." Levy was found guilty and sentenced "to forfeit to the U. S. $10 per month of his monthly pay, for the period of two months, and to be confined at hard labor, under charge of the guard, at the post where his company may be, serving, for the same period."

THE PLUMMER FRUIT DRIER.

How shall I make a fortune? Why, if you are a farmer and have an orchard, get hold of one of the

CELEBRATED PLUMMER FRUIT DRIERS

And your fortune is assured. Just think of it, in primitive New England days the frugal housewives and their thrifty daughters used to buy nearly all the family groceries by peeling apples by hand and drying them around the kitchen stove or in the sun. A very slow and tedious process, to be sure, but still it was done. But presto! change! See what human ingenuity has devised! The Plummer Fruit Drier is to the fruit-drying process what the sewing machine is to the household sewing, what the gang plow is to the ranch, what the spinning jenny is to the mill. It is the great labor-saving machine, the great money-making invention to the fruit raiser.

WHAT IS THE PLUMMER FRUIT DRIER?

Briefly, it is a large, well contrived construction, capable of holding some fifteen or more frames or trays, together with so many square yards of galvanized wire cloth on which to spread the fruit. This frame may be set in the orchard, or any other accessible or convenient place, and it can be operated by a couple of boys or girls, and is guaranteed to dry from one and a half to two bushels of apples per hour. Just for a moment stop and compute the worth of such a machine in a household! We are not speaking now of its *labor-saving* advantages. We refer strictly to its

CAPACITY FOR MONEY MAKING.

It is a fact that over three hundred of these driers are now in successful operation in the state of Oregon and Washington territory. The parties using them are drying from $300 to $1,200 worth of fruit each year, and using only the regular force of labor in the family at odd times, or in stormy weather. Is not this a source of revenue worth looking after? Besides this, the fruit dried by this process by these same people has been

AWARDED THE GOLD MEDAL FOR EXCELLENCE

By the Oregon State Agricultural Society. The flavor, color and condition of the fruit is unsurpassed. It has been a crying sin and shame that so much delicious fruit has gone to waste. Heretofore there has not been facilities for getting it to market, and it has been left to decay upon the ground. What a waste! Now it can all be made a source of revenue.

THE CHILDREN CAN BE SET TO WORK,

And thus two great ends may be conserved at the same time, namely, the fruit can be made to yield a handsome income, while the children are learning the grand wholesome lesson of thrift, industry and economy. We repeat it: Every farmer who has fruit should by all means have one of these incomparable Fruit Driers. And it is to be remembered that there are

NONE SO GOOD IN ALL RESPECTS

As the Plummer. It has received the most flattering credentials from all parts of the country. It would take a solid column to enumerate the different well known names whose credentials stand for the Plummer Fruit Drier. We have omitted to state that there are different sized driers. The Factory Drier is much larger, and is capable of drying six bushels of fruit per hour. It requires four hands to work this machine. These machines are peculiarly adapted to the preserving of Potatoes by the "Plummer Process." They have already a world-wide celebrity. Green Corn, Beans, Tomatoes, and, in fact, all sorts of vegetables and fruits can be successfully treated by this same process.

FULL INSTRUCTIONS ARE GIVEN,

And those who visit the Fair should by all means examine these Driers for themselves. The most polite and courteous attention is paid to all, and the genial consideration given to all inquiries makes it a delight to ask questions. Everybody should make it a point to see the celebrated Plummer Fruit Drier. Every fruit-raiser should study his own interest by purchasing one of them. The investment would prove as rich as the Bodie, and far more permanent.—*S. F. Bulletin.*

The flattering testimonials to the operating and work done by the *Plummer Fruit Drier* continue to pour in upon the inventor. No other machine compares with it in *cheapness* and the *effective manner* in which it works. The eighty cases of fruit recently sent to the great *Paris Exposition*, the telegraph announces was awarded the *Paris Medal*. This, together with the great *Centennial Medal*, that was awarded at Philadelphia in 1876, and the *Gold Medals* of the State of *Oregon* in 1876 and 1877, only shows the appreciation of this *great invention* by the public at large. *For economy it has no equal.* Oregon has such a number of these Driers in operation that she is enabled to export a staple article of dried fruit unsurpassed by any in the world, thereby creating a demand that is continually increasing in importance. The fine flavor which the fruits of this region contain, is all preserved by this process, making them equal to fresh fruit, destroying the toughness common to dried fruits, and *impervious* to all insect life, making it perfectly *safe* for the merchant to invest at all seasons of the year without fear of having it destroyed by vermin. Fruit dried by the *Plummer process* may be kept for years and yet retain all its nutriment and nourishing qualities, and will become a great source of revenue to any state where it may be introduced. Everything that is preserved by it is *absolutely pure*, as no chemicals are used in the curing of *Fruits, Fish, Meats* or *Vegetables*.

The Driers have all been manufactured up to this time in Oregon under the supervision of *the inventor*, and every machine properly set, and purchasers fully instructed in its operation and in the preparing and packing of fruits. I ask the fruit-growers of Oregon to investigate this process, and although all other Fruit Driers have been partial failures financially, this one has proven itself a grand success in three hundred and fifty distinct trials. Do not let this year's crop pass without a full investigation of its merits, and then purchase before you lose another season so valuable to yourself and family. Address,

W. S. PLUMMER, E. Portland, Ogn.

CALIFORNIA

ROOT TEA

The Reliable Cure for Chronic Complaints of Liver and Kidneys.

THE ONLY THOROUGH BLOOD CLEANSER.

The most pleasing, grateful and satisfactory Strengthening Balm ever known, constantly effecting surprising cures of wasting or debilitating diseases and complaints arising from weak or impure blood, feeble circulation or impaired digestion, when all modes of treatment fail. Is of great benefit in threatened or actual consumption and heart disease, owing to its peculiar and great influence on the circulation. For the ills and weaknesses of women it is Nature's most suitable and reliable remedy.

LIVER—KIDNEYS.

Its regulating and strengthening action on these organs is different to and more desirable than that of any article heretofore in use; for indigestion, biliousness, etc., as a tonic, anti-malarial, etc., it is unequaled, while in chronic complaints it gives relief when all other remedies fail, and is fairly acknowledged to be the *only* cure for many chronic complaints of a complicated nature.

CATARRH.

The success of the CALIFORNIA ROOT TEA in curing Catarrh is proverbial and surprises many who do not understand the nature of this terrible disease, which in most cases can be permanently cured only through the blood by a thorough course of this vegetable remedy, conceded to be the only thorough and permanent blood cleanser known, a course of it completely eradicating for all time the most virulent types of blood and skin diseases, rheumatism, etc. All who use it, leading druggists and physicians gladly attest its great sterling worth.

Sold in its truly vegetable form, in packets at $1; each packet makes a quart of rich balsam, of which the dose is two spoonsful three times daily, making its cost much less than other medicines. Make like tea or put in wine, etc.; pleasant to take when nicely sweetened. For sale by druggists and country merchants. N. B.—Until further notice it will be sent by express or mail to any address on receipt of Express or Postoffice order, one packet $, or six for $5 00.

WONDERFUL, BUT TRUE!

ALL SICKNESS AND DISEASE OF WHATEVER name or nature cured without medicine. Professor D. HALL McLENNAN, the Celebrated Healer, Parlors, House, corner of Morrison and Third streets, cures without medicine, by effects the most mysterious and astonishing, chronic Catarrh, Bronchitis, Asthma, Consumption, Female Complaints, Dyspepsia, Rheumatism, Scrofula, diseases of the urinary and genital organs, kidneys, heart, liver, and all chronic diseases.

I am willing to forfeit $1,000 for any case of private diseases of either sex brought on by indiscretion or any other cause, that I fail to cure in a short time without interruption to business.

For the benefit of the laboring class I receive patients all day Sunday, and make health examinations free to all every evening. Sunday excepted. Parties at a distance may consult me by letter free of charge by addressing Dr. D. HALL McLENNAN, Parlors 9 and 10 Palace House, corner of Third and Morrison streets, Portland, Oregon. "Old Sores" positively cured in a short time.

EMMA THOMPSON

Will be here in a few days, and ready to take Freight, at EVERDING & FARRELL'S Wharf. Rate $10 per ton.

MILFRESE'S HAMBURG TEA is the best family medicine, and will be found on trial to be the most easy, natural and comfortable aperient obtainable.

MILFRESE'S HAMBURG TEA will act gently on the bowels, remove wind, cure heartburn, sour stomach and dizziness and promote a healthy secretion of bile.

MILFRESE'S HAMBURG TEA is the most effectual remedy for headache, giddiness, nervous depression, palpitation of the heart, lassitude and general debility.

MILFRESE'S HAMBURG TEA gives speedy and durable relief in bilious and liver complaints, weak digestion, shivering, gloom, low spirits and irritability.

MILFRESE'S HAMBURG TEA purifies and cleanses the blood, and removes all scrofulous affections. It is health-giving, refreshing and invigorating.

MILFRESE'S HAMBURG TEA cures chronic, nervous and sick headache, nervous depression, drowsiness, nausea, vomiting, pimples on the face, and freckles.

MILFRESE'S HAMBURG TEA will relieve the worst cases of rheumatism and gout, prevent gravel and stone in the bladder, and cure all diseases of the kidneys.

MILFRESE'S HAMBURG TEA is a gentle laxative and tonic; improves the appetite, cures dyspepsia, and counteracts the effect of malarious poison.

MILFRESE'S HAMBURG TEA cures constipation, diarrhœa and dysentery; is certain in results, and corrects all disturbances of the stomach and bowels.

MILFRESE'S HAMBURG TEA is a pleasant remedy for boils, carbuncles, blotches, ulcerated and running sores, scab, salt rheum, and skin diseases generally.

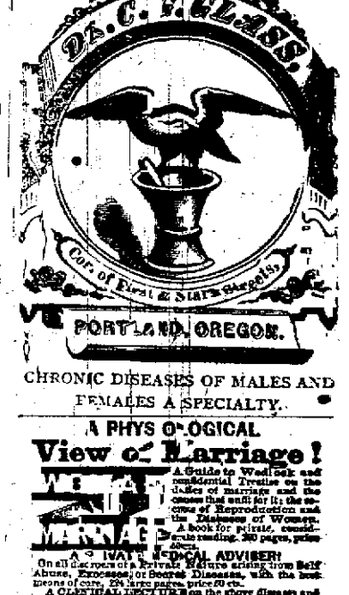
MILFRESE'S HAMBURG TEA has no equal as an antiscorbutic, alterative, depurative and blood purifier, in the entire range of the Pharmacopœia.

MILFRESE'S HAMBURG TEA is a triumph in medicine; harmless, yet efficacious. Invaluable in the family, at the mine, on the road, at sea, and everywhere.

MILFRESE'S HAMBURG TEA is the best medicine for children. As a Spring remedy nothing comes near to it. Everybody should use it at the change of seasons.

MILFRESE'S HAMBURG TEA is sold at every drug store, grocery and country store California, Nevada, Oregon, Washington Territory and British Columbia.

DR. C. F. GLASS.



CHRONIC DISEASES OF MALES AND FEMALES A SPECIALTY.

His Wonderful Success

IN THE TREATMENT OF ALL

Chronic and Difficult Diseases.

He has astonished the People of this Coast by his skillful Operations.

HE HAS TALENT IN HIS

public and private lectures the true principles of health and life to both male and female. He has also warned them against habits that would be likely to produce disease, in plain and comprehensive language. But where he has found them crushed and broken down by disease, mentally and physically, he has restored them to health and happiness, for it is well understood that without health there can be no happiness.

DR. BRENAN

has made a specialty in the treatment of the following diseases: Catarrh, Bronchitis, and all diseases of the throat and chest, by an entirely new system only known to himself. Diseases of the Kidneys and Urinary Organs, including Spermatorrhœa, Seminal Weakness or premature loss of Manhood. In the treatment of these diseases he has made a world wide reputation by his astonishing success, not only on this Coast but throughout the whole United States. Diseases of the stomach, bowels, liver and kidneys as well as all diseases of the blood and skin he has become master of and never fails to give relief at once, and permanency cures he can if he is applied to in time.

THE DOCTOR HAS GIVEN SPECIAL LECTURES

to ladies only for years and is perfectly familiar with all female complaints, and understands their delicate and refined organization, as well as the proper remedies which should be used to allay their suffering and restore them to perfect health.

THE DOCTOR HAS THIS ADVANTAGE

over most physicians—he can tell the patients' disease the moment he comes in contact with them without any aid from the individual. This accounts in part for his great professional success.

All surgical operations can be performed by his skillful hand, and the patient need not fear the result.

DR. BRENAN

will send to those living at a distance and who cannot well visit his office a list of printed Questions and by the answers when filled out he can tell the disease as well as the proper treatment almost as well as seeing the patient personally, and will forward the proper medicines, or instruments, to any part of the country with full instructions and advice. Each letter requiring advice or list of questions, must contain two postage stamps.

Everything strictly confidential and honorable.

THE DOCTOR

has studied in the best Medical Schools in Europe and three years in the Jefferson Medical College at Philadelphia, as more than one of the Medical men of the Medical Faculty in this State can testify.

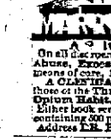
CAUTION.

Persons coming to Portland, requiring medical treatment of the proper kind, who desire to consult with me, will please beware of persons who may try to coax them away to other so-called Doctors, through pretended friendship for the patients. Look out for them; they are knaves, prompted by selfish motives and what they can make. Be sure and ask for DR. PAUL M. BRENAN the *Medical Lecturer*, and read his sign on his door.

Office, 63 First street, over McCormick's Franklin Bookstore.

A PHYSIOLOGICAL

View of Marriage!



A Guide to Wedlock and confidential Treatise on the duties of marriage and the causes that unfit for its enjoyment of Reproduction and the Diseases of Women. A book for private, candid and interesting. 300 pages, price 50 cts. Address

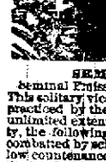
A CLERICAL LECTURER on the above diseases and those of the Throat, Lungs, Catarrh, Rupture, the Opium Habit, &c., price 50 cts.

Either book sent prepaid on receipt of price; or all three, containing 500 pages, beautifully illustrated, for 75 cts. Address DR. BOYER, No. 819 Sth St. St. Louis, Mo.

To the Unfortunate!



DR. GIBBON'S DISPENSARY,

653 Kearny St, San Francisco,

Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhœa, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotence, Sexual Decay, etc., permanently cured, or no charge.

SEMINAL WEAKNESS.

Seminal Emissions, the consequence of self-abuse: This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz.: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, muscular debility, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, foul tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions. By inclosing Ten Dollars coin, in registered letter through the Postoffice or through Wells, Fargo & Co., a package of medicine will be forwarded to any part of the Union. Address DR. J. F. GIBBON, Box 1,957, San Francisco.

EXECUTORS' SALE

Of Port Ludlow Saw Mill Property and 11,044-89-100 Acres of Timber Land.

NOTICE IS HEREBY GIVEN THAT THE UNdersigned executors of the estate of Arthur Phinney, deceased, will sell at public auction Nov. 7, 1878, at Port Ludlow, in Jefferson county, Washington Territory, the Port Ludlow Mill property, including the Saw Mill (capable of sawing 150,000 feet in 24 hours), and all machinery, tools and appliances used in the operation of said Mill, and Wharfs, Warehouses, Store, Hotel, and about 30 Dwelling Houses. All of which will be sold as a part of said Saw Mill property, and 11,044 89-100 acres of Timber Land. The boom and anchorage privileges are first class. The title is perfect; an abstract thereof will be furnished to the purchasers. Terms of sale—ten per cent payable on day of sale and the remainder on confirmation of the sale.

FRIDAY MORNING, OCT 18 1878

THE FIAT MONEY IDEA

We print in another place a series of questions about money which a correspondent has clipped apparently from a fiat money paper To these questions he desires answers Since the same fundamental error is involved in all the questions we need not answer them *seriatim* a general reply will best suit the case There is no one of the questions that does not betray an extreme confusion of ideas The basis of the whole series is the notion of fiat money Government is assumed can create values by law The idea let there be money is compared by the fiatist with the command let there be light It is assumed that money is merely an ideal thing The notion of trying to persuade ourselves that money is only an abstraction a barren ideality, may be compared with the Berkeleian philosophy which denies the existence of all matter in real forms It makes money, as it makes other substances a thing not without the mind but within it that is, only an impression produced on the mind a mere delusion not a thing of fact Old Johnson answered most effectively this visionary method of reasoning about matter in general by recommending a disciple of Berkeley's to decide for himself whether matter exists or not by trying his head against a stone wall Our correspondent, who has similar doubts about the real value of silver and gold apart from government's stamp on them, would be undeserved by going into any part of the world and trying to get either, whether coined or not without paying full value for it Because government designates certain material as money, it is assumed that this circumstance gives that money its sole value In reality it has its value entirely from other circumstances. A medium or instrument of exchange which shall be an expression of value, stable in its nature and not liable to fluctuation, is a necessity among civilized men Gold fills these conditions better than anything else known and silver comes next Paper currency is much in use, but its value depends solely on the fact of its redeemability in silver or gold The stamp of government on gold silver or paper gives neither of them its value Gold and silver have their value independent of government's stamp and paper is worth nothing except it is to be redeemed in them. As to what was said about the notes of the bank of Venice and the bank of Amsterdam being at one time at so high a premium, it would be necessary to inquire first if it were true and second if it were true what were the particular conditions that caused it We may be sure it was not because of the "fiat" idea for that idea has failed wherever it has been attempted, and because it is a most insane fallacy fail it always must In days of depreciation of coin, owing to its having been worn or clipped—and clipping was almost universal in those days—the bills of these banks, or bills drawn upon them, had a certain standard or definite value The coins were received on deposit and had their value established by weight and fineness Such bills would have a premium over light or debased coin, but could not possibly have such premium over gold of established weight and fineness, either as coin or bullion Water will flow from a lower to a higher level as easily as paper currency will rise above the value of the material in which it is to be redeemed and from which its own sole value is derived No paper currency ever had or can have value in itself. Gold and silver vary slightly in value from time to time, owing to the abundance or scarcity of their production and the circumstances of demand, and paper currency based on them will follow their variations But it is impossible to have a paper currency of value which is not based on the money of the world and exchangeable with it Government can no more create an absolute paper money, that is a paper currency redeemable in nothing, and hold up its value by fiat than it can suspend the operation of gravity, or other primordial law

MATTERS PERSONAL AND OTHERWISE

We do cry let the legislature investigate and hope it may leave no stone unturned until every robber connected with our state government—if such there be—is made to suffer the extreme penalty of the law We do not squeal, like an editor we might mention and write to Washington that the penitentiary is staring us in the face—*Standard*

If there is any more odious offense than that of perjury to abet a great fraud on the public treasury, the public have yet to learn what it is Yet this very offense is the thing substantially charged on the editor of the *Standard* by the committee investigating the state printing frauds The public have seen the findings by which the committee support the charge. The editor may put on a hard face, pretend to find strength in brazen denial, and stoutly declare that he never will confess, or squeal, as he puts it, but all this does not alter the fact that on his false certificates the state has been swindled out of many thousands of dollars—though as the committee say, he was *paid* to protect the interests of the state, and moreover was sworn to do it

And now since the editor thus branded with dishonor, essays a personal fling at the editor of THE OREGONIAN, we shall notice that too His allusion to "an editor who wrote to Washington with the penitentiary staring him in the face" is a reference to a calumny based solely on fabrications of his own The history of those fabrications and the vast amount of falsifying employed by Noltner to sustain them would shame any man except one who was recently forced to a limit that he did not measure a page of the printing though he certified under oath to its correctness, and charged the state for services in measuring the work Of course a man who would do that is capable of any act even though such act were as villainous as the one whose history here follows

Early in the spring of last year Jim O'Meara, of malodorous memory in Oregon, wrote a letter from San Francisco which he dated Washington City, March 2, and signed "Carl" This letter was sent to Tony Noltner, who, although he well knew it did not come from Washington, asserted that it did The point Jim and Tony, colleagues in calumny, undertook to make was that, in 1873-4, Secretary Sawyer received bonds to Washington ex-

pressing a fear that he would be sent to the penitentiary unless Gibbs and Deady were removed and he was resolved not to suffer alone Of course no such letter or letters were ever written nor anything that could be tortured by any possibility into such statements Jim writing from San Francisco as "Carl" but dating his letters at Washington pretended that he had been allowed to copy a lot of extracts from letters which had been written to a person at Washington and he gave the above and a ton inside of other fabricated quotations or extracts from such letters In the hope of partially supporting this elaborate forgery Jim sent Tony a photographic copy of a real letter which however contained nothing at all to support the main fact they had been hatching There was not a syllable or hint in it that the author "feared he would be sent to the penitentiary unless Gibbs and Deady were removed nor the slightest intimation of or reference to such a thing He had done no act that involved any violation of the law or any personal dishonor At the time he was engaged in a hot political controversy but had no fear nor ever had of anything or anybody Tony however after his usual manner of falsification said this thing and the letter was sent to him from Washington though he had just got it from Jim at San Francisco Shortly afterwards going to San Francisco himself, Tony met Jim and they got the letter which was in Jim's possession but was altogether without significance electrotyped Tony paying for it, and giving Jim a bonus besides for his agency in the dirty and characteristic job Tony soon returned from San Francisco *bringing the plate with him* and with another false statement in his mouth said he *got it from Washington* To try to reconcile it with the stuff first published on the 2d March Jim and Tony forged another letter, dated it at Washington, April 18 and signed it Carl and Tony in his paper took it on himself to say falsely that he had made *mistakes* in setting up Jim's first Carl letter This last fabrication clumsy as it was was rendered necessary by the fact that there was nothing whatever in the genuine letter to bear out the allegations first made Even Jim at last got ashamed of the business and dropped it but Tony has persisted in his mendacity with as much brazenness and intrepidity as ever A brief and very trifling letter of a dozen lines was but glingly used as a basis for the fabrication of a whole batch of falsehoods, on which Tony has been harping ever since It is not a matter of much consequence, so we omit particular mention of nine-tenths of the untruths which Tony has told and is daily telling about it He and Jim, who have worked together so lovingly in this business of forgery and falsehood have often denounced each other heretofore as liars and rascals and the operations of their late partnership in the Carl business are exactly in the line of the epithets they have given each other, while the findings of the committee on the printing swindle indicate that Jim, if he never told the truth in anything else, got something like a proper focus on Tony when he characterized him as above described The people of Oregon have always known their man too well to elect him to office, though he has repeatedly been a candidate before them and his act in abetting this last great fraud and at the same time taking pay *from* the state under oath to serve its interests, concludes his career even as a candidate In company with most others connected with the late corrupt administration through which the state was swindled in every direction he has dropped into a bottomless deep whence there is no escape to a living hereafter We have taken this opportunity to expose the manner in which he worked up and has long persisted in a scheme of personal vilification toward us Unpleasant as it is to be forced into these personalities it is right to repel the malignant calumnies of a defamer after patience has become exhausted

RATHER HASTY

We have given place to a communication from Mr W L White, clerk of the house on his compensation in that capacity He accounts for the largeness of the sum drawn by the statement that "at the last session he had the appointment of his own assistants, and some of the warrants issued in his favor was for sums due them which he paid" We have been looking over the report of the secretary of state, and find that payment was made by separate warrants for assistant clerks of the house The record shows that Mr White himself drew warrants as follows

Warrant No 176	services as chief clerk	$ 40 00
190,	chief clerk of the house	320 00
270	work on house journal	240 00
371	examining house journal	96 00
		$696 00

In addition to this sum the record shows that his assistants *three* in number, drew compensation as follows

Warrant 189	T R Neally	$156 00
185	Jas Walton "	84 00
184,	L F Williams "	72 00
		$312 00

Making a total of $1 008 for the performance of duties which have been performed time and again at a total cost to the state of $330 We are inclined to think that Mr White in his note to THE OREGONIAN wrote with too much haste and petulance It would have been better, perhaps, to imitate the silence of the gentleman who "scooped" the fund for the blind

Regarding the fraudulent measurement of the state printing the organ of the "expert" says "Mr Wilbur Cornell, one of the best printers in Oregon, performed the service of measuring and did it exactly in accordance with precedent He informed Mr Noltner that, by the usual manner of measuring—or in fact the only precedent—the work of the state printer was correct, and Mr Noltner, upon his word, so certified." What service, then did Noltner perform? By his own statement, he certified that Cornell certified Now Cornell was the printer's foreman, and measured it in his behalf. It was Noltner's duty for which he was sworn and paid, to act on the side of the state But he took pay from the state for doing nothing at all, except to lend his name as the state's expert to cover a fraud, the details and extent of which may be seen by the table printed elsewhere in this paper Nor can the organ of this expert certifier excuse himself on the plea that when Mr. Pittock was state printer the work was done and measured differently. The

ment is not true Mr Pittock did the work as a printer should do it charged only lawful rates did not spread a few lines of matter over an entire page and did not charge the state for four reams of paper where only one was used

The house did a creditable and just thing in passing the resolution directing a full inquiry into the state printing requiring sums claimed to be still due the late printer to be withheld and directing that suits be instituted to recover such sums as may have been overpaid In mustering against the resolution failed the house being too much in earnest to be turned aside from its purpose

Owing to the lateness of the mails we do not get our report of the proceedings in the legislature in time to print them in full next morning and as the proceedings possess great interest we do not like to print a meagre report Hence there is a delay of one day in the publication of the regular proceedings We could give a short and imperfect report a day sooner but prefer not to do it

LEGISLATIVE JOINT CONVENTION

SALEM Oct 1

The two houses met in convention at 2 P M to day for the election of a pilot commissioners a state librarian a canal commissioner a register of state lands

The convention was called to order by the president of the senate

The roll of each house was called by respective chief clerks

President Whitaker announced the object of the convention

Nominations for pilot commissioners being in order

Senator Smith nominated John Hobson of Astoria

Senator Davis nominated Thomas Robinson of Portland

Representative Purdin nominated A VanDusen of Astoria

Cochran moved to elect the pilot commissioners at once by viva voce vote and the roll being called—no other nominations being made—Hobson Robinson and VanDusen nominees of the convention caucus were duly elected most of the Republicans voting blank

Election of canal commissioner being in order the following named persons were placed in nomination C J Beatty W L White and Gideon Tibbetts

The president announced that Col White did not desire the use of his name in that connection

Gideon Tibbetts received 2 votes Mr White 1 vote and 58 votes were cast for C F Beatty and Beatty having received a majority of votes was declared duly elected canal commissioner

Election of register of state lands being in order Townsend placed J H Shinn in nomination

Shinn received 57 votes blank 3 and was declared duly elected

Election of state librarian being in order Senator Barch of Yamhill placed in nomination N N Steeves of Salem

Thompson of Multnomah put in nomination Miss Norah Simpson with the remark that the young lady in question had served as enrolling clerk during the whole session and had shown herself entirely competent for the arduous duties of that position

Democratic discipline and caucus rule prevailed over all feelings of gallantry and Steeves received 36 votes to 26 cast for Miss Norah and Steeves was therefore announced duly elected state librarian

Convention adjourned

FRIDAY MORNING, OCT 18 1878

CITY.

WISE PROVISO.—The city has from time to time experienced much trouble with fire from contractors frequently after a portion of the contract price has been paid and the cistern accepted by the city, it is found to be deficient in some essential require- ment, or be deficient in some essential require- ment. The difference which would naturally exist between the contractor and the city authorities has been a prolific source of litigation, frequently resulting in loss to the city. By a wise provision in the ordinance which was introduced Wednesday evening, at the common council and read twice author- izing the committee on fire and water to enter into a contract for the construction of a fire cistern at the intersection of Second and Washington streets, this difficulty can easily be avoided. The ordinance explicitly provides that no payment shall be made until the cistern has been thoroughly tested and found to hold water. Certainly a wise provision and one which will prevent trouble and litigation.

FIRE CISTERNS.—At a meeting of the common council, Wednesday evening an ordinance was passed authorizing the committee on fire and water to enter into contract with responsible parties to construct a new fire cistern. This new cistern will be located at the intersection of Pacific and Yamhill streets. It will have a capacity of 20 000 gallons. A petition was read signed by a number of property tax payers asking the location of a new cistern to be constructed at the intersection of Second and Washington streets, with a capacity of 30,000 gallons. An ordinance was introduced authorizing the construction of a cistern at the place designated, which was read twice and laid over under the rule. It will probably be read the next meeting of the council.

IMPROVEMENT.—Sometime ago a collection was taken for the sufferers by yellow fever was made in St. Stephen's chapel amounting to $100, which the chaplain divided and sent to each of the rectors of Memphis and Grenada, to noble heroes, who have hazarded their lives for their fellow men, who stood bravely by the sick and dying to administer the consolation of religion. Under date of Memphis Sept. 28th, Wm. C. McCracken writes the following: "Your very kind favor of the 20th inst. is received. Accept our hearty thanks for remembering us in our afflictions. Your good letter sets forth the oneness of the church of Christ, and what they could for suffering brethren more than many eloquent sermons."

MUSICAL LINES.—Lines are now being erected by the American District Telegraph company to put the following named firms in connection with the central office: Smith Bros foundry, J. B. Jones' white lead and spice mills, Newbury, Chapman & Thompson, DeHart & Co., Wangen & Olsen's First and Taylor streets Saloon, First and Stark streets, Dolph, Bro. & Dolph & Simon, Whalley & Fechheimer's, Corbitt & Macleay, J. V. Snyder's Second and Stark, residence Irving, Whitney & Co.'s factory and office, Henry Hewes', Henry Weinhard has recently had the same connected with the central office.

CHARGED WITH A FELONY OF GUILTY.—Chas. Jackson, alias Jackson Grant, has been indicted by the grand jury, now in session, for stealing a span of very fine horses from Mr. Saffer of Portland last July. He was brought into court yesterday morning, and after arraignment entered a plea of guilty. Judge Deady has set next Monday as the time for sentencing. Louisa Grant, wife of the defendant, is also under indictment on a similar charge. Grant is likewise charged with the murder of Dennis Spellen.

HORTICULTURE.—The Vancouver *Independent* of yesterday says: General and Mrs. Howard left Saturday evening last gave a reception at their residence, in honor of Colonel and Mrs. J. Wilkins, U. S. A., who are about to take their departure from this coast, Col. Wilson having been assigned to duties in the east. All the officers of the garrison and their ladies were present, and passed a very enjoyable evening.

FIRE EXTINGUISHER.—The improved New Willard fire extinguishing machine was awarded the first premium at the Oregon State Fair on the following counts: As the best family sewing machine for the greatest variety and excellence of work, for the best specimens of Chenille work, for darning attachment, for work fastener, for embroidering attachment for sewing on buttons.

DEPARTURE.—Capt. C. A. Hopkins, U. S. Signal Service of Washington territory, arrived in this city evening, having in custody three prisoners—an Indian and two white men. The prisoners came from Klickitat county, and were on their way to Steilacoom to serve out terms of confinement there. This morning the prisoners and officer will take the steamer for Tacoma.

ACTUS DARGON.—Mr. John Maguire with unusual enterprise has offered $1,800 to Miss Augusta Dargon the talented *tragedienne* who is now in San Francisco, for a two weeks engagement. We understand that Miss Dargon has accepted the terms and will follow Mrs. Scott Siddons, opening here about the 1st of November.

BENEFIT—ENTERTAINMENT.—This evening Mrs. D. F. Smith will be the recipient of a complimentary benefit tendered her at Turn Hall. A most excellent programme will be rendered. Elsewhere it will be found. Mrs. Smith, the beneficiary is a most deserving lady and the benefit is certain to receive liberal patronage.

DESTRUCTIVE.—The rebuilding of St. Joseph's Hospital at Vancouver, destroyed by fire in April, has been commenced. The frame is being erected, and the work will be prosecuted as rapidly as the weather will permit. It is hoped that it can be enclosed before regular winter weather sets in.

SPECIAL TRIP.—The steamer *Vancouver* will make an extra trip to this city from Vancouver on the evening of the 23d of October for the purpose of enabling those who wish to hear Mrs. Scott-Siddons to attend the theater.

R. R. HERMAN, Corp. Sig. Corps, U. S. A.

PERSONAL.

H. Rosenfeld, Esq., has just returned from a business and pleasure trip east.

Mr. Elliott, of the well known firm of Wadhams & Elliott, is visiting the city. He will return to San Francisco on the Elder.

Rev. Mr. Stoy, who was rector of Trinity parish some years ago, is at present rector of the Episcopal church at Marysville, Cal.

The ladies of Portland are invited to attend a course of lectures at Mrs. Dr. Burr's office, First street, bet. Morrison and Alder, at 3 o'clock to-day. Admission free. Electrical treatment free after lecture.

Go to Fishel & Roberts'.

The only cloak house in the city is Harris' Emporium of Fashion.

Best in the World—Perinot's Paris Kid Gloves—Fishel & Roberts, sole agents.

Fabre has resumed business opposite the Bank of British Columbia. Call on him.

Fishel & Roberts have now the fullest line of cloths and ready made suits ever offered in Portland.

Buchtel & Stolte make as fine work in the photograph line as any gallery in the United States, and the best in Oregon.

Kid gauntlets $1 per pair, ladies and children's stocking supporters, at Mrs. Chas. Tichnor's, corner First and Yamhill streets.

When you want an excellent photograph and do not care to pay extortionate prices go to Frank C. Ansell, who does work well and at a reasonable figure. His productions show that he is popular.

Dr. Manasse, the most skillful Optician and Oculist, who comes to us highly indorsed by our best citizens of Oregon, will suit the most difficult sights on the mere inspection of the eyes, with his improved Parabola Spectacles. Beware of peddlers during our state fair, selling common specs, and claiming connection with Dr. Manasse. He can only be seen at the Chemeketa Hotel during the fair.

INTERESTING TO LADIES.—Dickey's Creme de Lis has now been before the public for ten years during which time this beautiful preparation has met with the highest approval of the fair sex—being as all who have used it will testify the only perfect preparation of its kind. Its ingredients entering the composition are chemically pure, and it is submitted to the analysis of modern chemistry, to insure the utmost purity of its combination, and neither time nor expense have been spared to make it perfect in every well known respect. The public will appreciate and support a high, meritorious article. Get the new beautiful three ounce flacons which have lately been introduced, and Dickey's Creme de Lis, the best complexion preserver sold by all druggists.

BRIEF NOTES.

Last day of the legislature.

Steamer *Ancon* off at 6 o'clock.

Mrs. D. F. Smith a benefit at Turn Hall to night.

There will soon be plenty of ducks in the market.

To morrow will close up the State Fair for this year.

The grand jurors are beginning to work in earnest.

The steamer *Chester* will be due to day from San Francisco.

Salem will boa trifle dull next week. No legislature no fair.

The organ grinder has returned to the city with redoubled virulence.

Many of the sidewalks need cleaning up. Too much decaying cottage.

Mr. Shaw has fitted up a neat little oyster stand on Morrison street between Fourth and Fifth.

It will soon be time to begin to fatten your turkey. Thanksgiving, is looming up gradually in the distance.

Portland Lodge No. 35 A. F. & A. M. will hold a stated communication this Friday evening at 7½ o'clock.

Next week Portland will be overrun with sharps and thieves—returning empty handed and disgusted from the State Fair.

Officer Hudson will be a passenger on the outgoing steamer. Destination Los Angeles. Object to bring back Johnson to Portland.

A dispatch from J. A. Porter dated Salem Fair Ground, Oct. 17th says: There will be a race Saturday—mile heats, free for all.

A grand fair in aid of the new Catholic building will be held some time next month. It is thought that the fair can be held in the basement of the new church.

The case of the United States vs. W. Jones, steward of the British bark Cyprus, charged with smuggling goods, will come up for trial in the U. S. district court next Monday.

The excavation for the new brick building at the corner of Second and Alder streets is about completed. Brick is being hauled on the ground and the work of laying the foundation will speedily follow.

Mr. Paquet, who had the contract for removing a number of rocks from the channel of the Willamette river at Rock Island, has completed his work. The new channel is being used by the boats very advantageously.

The case of Capt. Edward Richards of the British bark *Cymbeline* was tried before Judge Deady Wednesday without the intervention of a jury. The case has been taken under advisement and will be decided Saturday morning.

AMUSEMENTS

NEW SEASON.—There seems to be every reason for predicting that the new dramatic season to open at New Market Theatre on the 23d inst. will be a success, financially and artistically. Mrs. Scott Siddons, who has been engaged by Manager Maguire for a limited number of nights, will return from the Sound next Monday and rehearsing will commence at once. Romeo and Juliet will be produced for Wednesday and Thursday evenings. Mrs. Scott-Siddons will personate the gentle and love sick Juliet and Miss Jean Clara Walters the ardent Romeo. These artists will be supported by a full and efficient company. Every attention will be paid to scenery, mechanical effects, costumes etc. With such artists in the leading roles and supported by a splendid company the amusement-loving public have a right to anticipate a real dramatic treat and they will not be disappointed, or we shall miss our guess. Reserved seats can be obtained after next Monday at Morse's.

The rush now is at the C O. D. Grocery.

Public Opinion.

From the Hillsboro Independent

The murder of A C Macdonald of the *Triennan*, brought about by the *Eee* man agers, receives the just condemnation of the press The deep damnation of the taking off of the defender of his family is now made deeper and blacker by the fact that the calumnious article which goaded him to the death that he met and to which his tormentors drove him was the hearsay of a third party We are sorry to believe that the demand of the press that the murderer shall be brought to condign punishment will be most cruelly disappointed owing the imperfections of law and of society But let it be remembered that Macdonald was most cruelly and foully murdered His wife's name was dragged into the controversy to humiliate them both and to goad him to that desperation which his murderers expected and for which Mercer armed himself and took his stand like a cool huntsman and having adroitly caught his game held it with one hand while he shot it to death with the other

Almost a Tycoon.

The man who but for revolution would now be Tycoon of Japan is a student in Paris living quietly as M Tokugawa He is small in the and well dressed His income is $300 000 a year of which he spends a little on himself and sends the remainder to his followers who were ruined by the revolution Very few of his fellow students know who he is He will learn all he can at the Sorbonne and will then go to London to continue his studies Eleven years ago when the Japanese Embassy went to London he, then a little boy headed it as brother of the Tycoon and the Prince of Wales went to Dover to welcome him

A Bad Look for Butler.

[From the New York World.]

The registration in Boston foots up 88 832 a falling off of 15 490 as compared with that of 1877 The greatest decrease is in the Irish wards and those largely populated by adopted citizens A bad sign this for Gen Butler who expected to draw the bulk of his strength from those very classes

English election expenses are very high But in other years they were higher In Yorkshire in 1807 Lord Milton and Mr Lascelles paid out $1,000 000 but Mr Wilberforce beat them at an expense of only $[illegible]5,000 to his friends In four elections in 1832 Lord Londonderry spent $130 000 in Durham alone and did not win

New York *World* The naughty naughty critics insist that the paragraph on property in Mr Conkling's speech was one of the greatest efforts of Adam Smith's life

SHINDLER & CHADBOURNE

[ORIGINAL.]

BEAUTY:

OR, THE

Secret of a Fair Face.

An Item of Interest to Every Lady who Desires to be More Beautiful than she now is.

Unfortunately not one woman in a hundred, subjected to the whims of an American climate, possesses that basis and starting point of real beauty —a pure and clear complexion. What nature has thus denied, art must be called upon to furnish. It can be done; it is done daily Prof. W. E. Hagan placed beauty within the reach of every unbiassed daughter of Eve when he discovered that surprising article known in fashionable circles as the true secret of beauty, and called

MAGNOLIA BALM

The MAGNOLIA BALM is a sure device for creating a pure and blooming complexion. It conceals all natural blemishes in the most surprising and effective manner It removes all roughness, eruptions, redness, blotches, freckles and tan with magical power It drives away all evidence of fatigue and excitement. It makes the plainest face beautiful It gives the complexion a dazzling purity and makes the neck, face and arms appear graceful, rotund and plump It makes a matron of Sarah 40 look not more than 25 years old and changes the rustic maiden into a cultivated city belle

The Magnolia Balm cannot establish and conceals every drawback to beauty, and, while it is as harmless as water, it is so life-like in its effects that the closest observer cannot detect its use. Ladies who want to make themselves attractive can make an absolute certainty of it by using MAGNOLIA BALM, and we know of no other way It is the cheapest preparation in the world all things considered and may be had at any drug store

THE STATE PRINTING FRAUDS

Report of the Expert Employed by the Committee to Tabulated Statement of the Frauds in a Portion of the Work

SALEM October 1[illegible]

Wm C Galloway Horace F Shiel[illegible] Special Joint Committee of the Senate and House of Representatives of the Legislative Assembly of the State of Oregon

GENTLEMEN:—In accordance with your request I have measured all the printing and binding done by M. C. Brown, State Printer, as claimed by him for the month of September 1878 to the first day of October, 1878. Hereto attached you will find a comparative statement of the amount claimed by the State Printer and the amount which he was entitled for said work as I have measured it. You will also find a comparative statement of the composition of the paper, etc measured In the first statement and comparative statement of the State Printer for printing and binding the State Laws of 1876 The law of the Session Laws of 1876 requires that there shall be printed and bound in 1874 so as to require the printing of but 500 copies

In addition to measuring the work I had in addition to your committee, examined and ascertained by your committee, and by the manner and mode of doing the work required by the law of 1874 The law requires that there shall be printed between separate acts, articles and resolutions, and in some instances 10 pica lines shall be placed between separate acts, articles and resolutions, as has been practiced by the State Printer in the Session Laws of 1876 and 1877 I find that there are 1[illegible] pages of the laws of 1876 I find that there are [illegible] pages which should be paid for 1436 ems, which the State Printer has claimed and received payment for, and which he is entitled to if you require him to do so by the provisions of the law of 1874 The measurement I have not deducted for the [illegible] illegal expansion In this manner the [illegible] space is less than it is in the legal space is less than it is in the law The law of 1874 requires that there shall not be any break lines in any of the journal of 1876 The law of 1874 requires that there shall not be any break lines in any of the house and senate journals I find in the house and senate journals of the law of 1874, the cost of these lines according to your instructions measurement I have not deducted on account of the extra space made by making break lines in a sentence will be reduced fully 11 per cent if the state printer done by the state printer According to my calculations if you follow out the instruction press work, paper, etc On page 85 of the law of 1874, the cost of these lines will be reduced fully 11 per cent and 85 four pages, might have been printed in two pages Under the law of 1876 I find that in the matter of resetting pay for 4886 ems the State Printer would be entitled to pay for 2441 ems I have carefully measured all the bills and joint resolutions that I could obtain, that were printed at the session of 1876 and have reduced them by reference to my itemized schedule of the cost of composition etc as claimed by the State Printer to any error to my itemized schedule I find that in a large number of cases one pica line of space between the lines of a bill I find that in a large number of cases a line and a half pica of space is placed between each printed line of the bills printed more than a pica line and a half of space has been inserted between the printed lines of bills For example in the case of legal expansion between printed lines in the House bills 142 and 161 In my measurement of line printing done by the State Printer and my allowance to him I have made no allowance or anything on account of making lines in a sentence In the House Journals of 1876 nor on account of space between the printed lines of the House Journals of 1876 nor on account of the amount of work that I have not measured the reason that I could not obtain correct data is [illegible] It is believed that the [illegible] sections of the work as appears in the comparative statement and itemized schedule I tendered to conform to the law exactly Mr Brown became State Printer on [illegible] Respectfully submitted,

P H D'ARCY

SATURDAY MORNING, OCT. 18, 1873.

THE STATE PRINTING FRAUDS.

Report of the Expert Employed by the Committee—A Tabulated Statement of the Frauds in a Portion of the Work.

SALEM, October 14, 1873.

To C. Calloway, Horace F. Stratton and Wm. Baker, special joint committee on frauds of the senate and House of Representatives of the Legislative Assembly of the State of Oregon:

GENTLEMEN—In accordance with your request to measure all the printing that I could measure, that was done under and by virtue of the contract of M. V. Brown, State Printer, from the 1st day of September, 1872, to the first day of September, 1873, I beg to submit herewith attached you will find a comparative statement of the amounts charged by the State Printer and the amounts I have found he is entitled for said work according to my measurement; you will also find an itemized schedule of the composition, press work, etc., measured. In the itemized and comparative statement, I have charged the State Printer for printing a 1000 copies of the Session Laws of 1876. The law, however, required that there should be 1,500 copies of the Session Laws. This is the only item in 1594, so as to require the printing of 1,500 copies.

In measuring the work I have, as directed by your committee, examined as regards manner and mode of doing the work, what should be done by the law of 1874. The law says that there must be more than two pica lines of solid matter between separate acts, articles and resolutions. In some instances 10 pica lines of space are placed between separate acts, articles and resolutions. From page 175 to page 192 of the laws of 1876, I find that the law has been changed for 1496 ems more than it should be, if you require him to follow the provisions of the law of 1874. In this statement I have not deducted any space for illegal expansion. In this book the space is less than it is in the house and senate journals of 1876. The law of 1874 says there shall not be any break lines in a sentence, according to your instructions, measured all the extra space made in a sentence by breaking lines in a sentence, as also done by the state printer. According to these instructions, if you follow out the provisions of the law of 1874, the cost of these two books would be reduced fully 11 per cent. on the press work, paper, etc. On pages 132 and 164, four pages, might have been printed in two pages. Under the law of 1874, the printer would only be entitled to pay for 3388 ems, the state would be entitled to pay for 2444 ems. I measured all the bills and joint resolutions I could obtain, that were printed in the session of 1876, and have reduced the cost of composition, etc., as you will see by reference to my itemized schedule hereto attached. The law says there shall not be more than a pica line of space between the ends of a bill. I find that in all the bills printed more than a pica line of space has been inserted between each printed line. In the bills printed between printed lines of solid matter, as appears in bills 132 and 164. In my measurements I have made no allowance to him. I have not charged on account of making a sentence, in the House and Senate Journals of 1876, nor on account of the space between the printed lines of bills, as part of work that I have not measured, that I could not obtain copies of. It is believed that the amount of the work, as appears in my statement and itemized schedule, will conform to the law in existence when Brown became State Printer.

Respectfully submitted,

P. H. D'ARCY.

BANKS.
OREGON & WASHINGTON
TRUST INVESTMENT COMPANY
OF SCOTLAND.
Office, 48 First street, Portland.
Mortgage Loans at Ten per cent. on Real Estate Security only.
MONEY TO LOAN AT ALL TIMES FOR periods of three to five years, repayable by annual installments or in one sum, justices the borrower may prefer when he takes the Loan.
Persons desiring to build their own Homes in Portland, or Farmers wishing to improve their Farms and repay the cost of their improvements by half-yearly or annual payments (instead of paying away rents) are recommended to try the Trust Company's Installment (Building) Plan.
Installment Plan, 10 per cent.
$154 every half-year for four years wipes off every $1,000 borrowed. Interest included. $129 50 borrowed, Interest included. In no instance and under no circumstances will the company loan enough money to induce borrowers to allow a foreclosure.

moralized; milling quotable at $1 40@1 45.
Rice—Market active at full prices.

ATLANTIC MARKETS.

CHICAGO, Oct. 4.—Wheat—75¾c for November de
livery.

The rush now is at the C. O. D. Grocery.

The Daily Oregonian.
FRIDAY MORNING, OCT. 18, 1878.

FINANCE AND COMMERCE.

Financial.

THURSDAY EVENING, October 17, 1878.

Legal tenders in Portland—buying 99¾; selling, 100.

Silver coin—1¼@1¾ per cent. discount.

There is no feature of special interest in the local money market. Interior merchants complain of shortness of funds, owing to a tendency of farmers to hold their grain on speculation and consequent delay of payment of bills now due. There will probably by many forced collections throughout the interior during the coming month, as it is imperative to have money for winter stock.

Domestic Produce.

It is not easy to give the condition of the wheat market, because of its unsettled state. All lots offered early in the week were taken eagerly at $1 55 per cental, but to-day offers of a good quality of wheat at $1 52½ are not taken. It is certain that the prices being paid here are inconsistent with the unsteady and low prices ruling in Europe, and we learn of three or four cargoes which have been sold at a very considerable loss. The rate of English exchange, effected by recent act of the Bank of England, influences this market unfavorably, and will continue to do so. In the face of these circumstances farmers are inclined to hold their grain, and owing to a decrease in freights due to non-delivery the O. & C. R. R. Co. has drawn off two special trains. The unwarranted prices ruling cannot long resist natural causes, unless some unlooked-for change occurs. They have only been maintained by low charters owing to the great expense of keeping vessels idle in port. The daily expense of an English vessel of ordinary size is fully 68, without reckoning the interest on her value; and as the seamen of such vessels are hired by voyage contract and must be retained and paid, the expense of lying idle is fully equal to that of any period of a voyage. Sales are dull at $1 32½.

The market for flour is still weak, but is steadier than last week. The stock on hand is less than at the time of last year corresponding. Large lots are sold to cash buyers at a discount on quotations.

The market is poorly supplied with oats, and for milling and seed purposes ready sale is found at rates slightly in advance of offers for export.

But little barley is offered, and one large lot has been brought from California for brewing purposes. This certainly looks bad for a great grain section like ours. Carrying coals to Newcastle seems no more absurd than importing grain to Oregon.

A Tacoma paper says: "The hop crop for the Puyallup valley has been picked, dried and baled. The *Panama*, on her last trip, carried to San Francisco about 700 bales, the *Dakota* about 1,800, and the general estimate is, that the quantity remaining for the next steamer will be not far from 1,000 bales. This will make a total of 3,500 bales, which, at 160 pounds each, would foot up 560,000 pounds; certainly not a bad showing for the valley farmers, if the prices will only be what they ought." Our market is quotable for Oregon and Washington territory at 4@6 cents.

There is a steady demand for hay for consumption. Baled timothy brings $10@12 and loose $8@10.

Home Produce Market.

WHEAT—We quote at $1 50@1 52½ per cental market dull and unsteady.

FLOUR—Quotations are as follows: Oregon City Mills, McLean, Salem Flouring Mills and standard brands of extra, in jobbing lots, $4 75@5 25 bbl; country extra, $4 50@4 12½; superfine, $4@4 50.

OATS—Our market from first hands is quoted at $1 15@1 20 per cental for milling; for feed $1 05@1 15.

MILL FEED—Fair supply, bran quotable at $14 per ton, shorts $20@25, middlings $32@50 per ton.

POTATOES—The market is steady at quotations. Quotable from first hands at 80@90 per 100lbs.

ONIONS—In fair demand for the local trade, and for shipment, quotable at 2c per lb for best varieties.

BACON—Quotations are 10@11c for sides, 12@13c for hams, and 7½@8½c for shoulders.

LARD—The demand is good and the market steady at 10@10½ cents ₩ lb in tins and kegs.

DAIRY PRODUCTS—Butter, solid, 18@25c ₩ lb; choice dairy 30@35c; cheese, quotable at 15@16c ₩ lb.

EGGS—The demand is firm at 22½c per dozen.

CHICKENS—Very choice hens, $4@4 50 per doz; spring chickens $2 50@3. There are no turkeys in market, and consequently no quotations.

DRIED APPLES—Quotable at 5@6½c ₩ lb for sun dried.

DRIED PLUMS—With pits, 4½@5c; pitless, 9@12c ₩ lb.

WOOL—Valley 15@19; Eastern Oregon from 12½@17.

Cincinnati *Commercial:* Aged Democrats seem to have forgotten the Ohio wild-cat currency of thirty-five years ago. Thurman should scratch his head, and, having recalled the history, incorporate it in his speeches.

Butlerite Congressional Nomination.

GREENFIELD, Mass., Oct. 16.—The Butlerites have nominated Wilbur F. Whitney, 10th district, for congress.

Just received Mme. Demorest's reliable patterns for Fall. Send stamp for catalogue to Mrs. Chas. Tichnor, corner First and Yamhill Sts., Portland, Oregon. The Portfolios have not yet arrived. Country customers will please take notice.

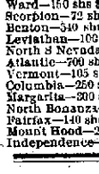
REV. DR. CLARK writes:



I have much pleasure in saying Fellows Hypophosphites *improved my general health amazingly.* It gives a clear skin and healthy countenance, but to know its virtues it must be used, and were it within the reach of all classes, I believe it would be used universally; yes, by the well, to renew their age, and by the sick to make them well. It makes an old person ten years younger. "This witness is true." Would that I could more widely make it known for its virtues.
ALEXANDER CLARKE, D. D., Amherst, N. S.

I heartily recommend Fellow's Compound Syrup of Hypophosphites to all troubled with any difficulties or diseases of the lungs or nervous system, believing that had I but used it I would not now be living.
HARRIS COFFIL, Windsor, N. S.

Consulting Office for Consumptives,
Western Medical Institute, Cleveland, O.

MR. JAMES I. FELLOWS—*Dear Sir:* We were induced to prescribe your Compound Syrup of Hypophosphites by Dr. McMaster, and its use has been attended with such satisfactory results as to warrant our employing it largely from this time forward.
A. BLEE, Sr., M. D.

SWEET Chewing JACKSON'S BEST Tobacco

Awarded highest prize at Centennial Exposition for fine chewing qualities and excellence and lasting character of sweetening as a flavoring. The best tobacco ever made. As each fine strip trade-mark is closely imitated on inferior goods, see that Jackson's Best is on every plug. Sold by all dealers. Send for sample, free, to C. A. JACKSON & CO., Mfrs., Petersburg, Va.

L. & E. Wertheimer, Agents, San Francisco.
fe20-2law3wly

BY UNIVERSAL ACCORD, AYER'S CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious, and successful chemical investigation, and their extensive use by Physicians in their practice, and by all civilized nations, proves them the best and most effectual purgative Pill that medical science can devise. Being purely vegetable no harm can arise from their use. In intrinsic value and curative powers no other Pills can be compared with them, and every person knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain in healthy action the whole machinery of life. Mild, searching and effectual, they are specially adapted to the needs of the digestive apparatus, derangements of which they prevent and cure, if timely taken. They are the best and safest physic to employ for children and weakened constitutions where a mild, but effectual, cathartic is required. For sale by all dealers.

NEW MARKET THEATRE.

MR. JOHN MACUIRE
Respectfully Announces
WEDNESDAY EVENING, OCTOBER 23,
AS THE
OPENING NIGHT!
Of the New Season, with the performance of Shakespeare's Tragedy of

Local Testimonials, together with the different Shades painted on wood, can be seen at our store.

HODGE, DAVIS & CO.,
92 and 94 Front street,
CORNER STARK.
Agents for Oregon and Washington.

Proof of the Superiority of the Pacific Rubber Paint.

REPORT OF THE COMMITTEE APPOINTED by the California State Agricultural Society, Sept. 1878, to examine and report upon the merits of mixed Paints exhibited:

We each record from each of the exhibits, viz: "Averill Chemical Paint," "Imperishable Paint," and "Pacific Rubber Paint," a can of their paints, and had same applied by a painter under our personal supervision, upon measuring the surface covered we find that the

Pacific Rubber Paint covered.....21,276 sq. in.
Averill Chemical " " .....17,834 sq. in.
Imperishable " " .....14,445 sq. in.

An equal quantity of each paint having been used the above result shows that the Pacific Rubber Paint covered nearly 20% more surface than the Averill Chemical Paint, and nearly 50% more surface than the Imperishable Paint.

In view of the foregoing facts, and considering the ease of application of the Pacific Rubber Paint and its superior covering qualities we find it justly entitled to the award of the First Premium.

H. C. CHIPMAN,
W. C. FITCH,
R. S. JONES,
Committee.
